obstacle can stop
you...

”

-Taj Begam
Swadhyaya Initiative

Dear Friends,

Greetings from DEHAT family! Yet another year got passed away and here I am, writing the message again with a bunch of new happenings, ups and downs. In 2015-16, we did not expand any of our projects but rather focused on the amalgamation and sustainability model of each initiative.

Cut to the present, our move towards rights-based agenda means that we now and have

always been focusing on empowering communities towards participating in social and political discourses, influencing the government to focus on economic development in remote areas and build the capacities of the poor. Simply translated, we don't construct infrastructures anymore, we give our best to enable the community to demand the same from the respected authorities.

We always have been confronted with the question whether our current work would have as much of an impact as our work had in the past (refer to the timeline next to this page). We think yes, absolutely and that you can witness while visiting our intervention areas and having a thorough look into the report.

Working in the core of hardships and challenges brings an utmost satisfaction to each of us at DEHAT and that is because whatever we do, from helping the parent's to secure their livelihoods through organic food security to empowering community and children to get equal opportunities as a citizen, we ensure lasting impact only to the future of that family by securing their today uncompromisingly.

Most exciting part of the year was that our community leaders like Bhanmati Ji won #100WomenAchievers award from the Honorable President of India and our Girl Child Parliament's Leader Rekha has won Uttar Pradesh's Gallantry Award which is known as 'Rani Lakshmbai Veerta Samman' from the honorable Chief Minister of Uttar Pradesh.

For their dedication and commitment, we want to thank our social activists and volunteers across all our programmes and initiatives. For their support and guidance, we want to thank our donor agencies, partner organization, and bankers-without them, none of this work would be possible. And finally, we want to thank the communities where we work with their cooperation and share hope for a better future. It is for them alone that we continue into the years to come.

The task of comprehensive rural development is one that presents a mountain of challenges all at once, as each piece of the solution overlaps with and strengthens the others. As we continue our work for an empowered, and egalitarian society, time has now come to pause and reflect on all we have managed to achieve, as well as on all that remains to be done. In this 16th Annual Report, we are proud to present our accomplishments for the year 2015-16.

A day when all children can enjoy the fullest realization of their rights, we believe, draws nearer every year.

Jitendra Chaturvedi
CEO and Founder

THE STORY OF DEHAT

Because every child matters... ”

Founded by Dr. Jitendra Chaturvedi with some rural youths as a school for tribal children in Bahraich district of Uttar Pradesh.

The school has now recognized by the government after 11 years of Forest Rights Expedition 'Azadi'.

2000

THE ESTABLISHMENT

THE FOUNDATION

2001-04

- ▶ Began with Health, Hygiene and Sanitation activities in 5 villages
- ▶ Later, commenced vocational education for the development of youth
- ▶ In 2003, Management of the school transferred to the community
- ▶ Conducted a study on the 'Livelihood Conditions of Traditional Forest Dwellers' in 34 villages of Bahraich District and mainstreamed 991 families from not being a citizen of the country to a govt. scheme equipped community.

2004-08

THE BEGINNING

- ▶ Established first office, started the first formal project called *Lokshakti* in 54 villages focused on Women Empowerment, Human Rights and Poverty alleviation (a DFID initiative)
- ▶ Increased Intervention area to 73 villages
- ▶ Commenced the Rural Entrepreneurship Development Project in the same operational areas
- ▶ Commenced the 'Sure Start Project'. (Maternal & Child Health Initiative) in 295 villages, increasing DEHAT's presence to over more than 300 villages.
- ▶ Launched a Bridge Course Education program in partnership with the UP Government in the existing intervention villages.

- ▶ Revised its Vision, Mission & Theory of Change to focus on child rights through all the interventions
- ▶ Strategized the initiatives in 4 Categories:
 1. Education/Empowerment
 2. Livelihood/Food Security
 3. Health/Hygiene/Sanitation
 4. Child Protection
- ▶ DEHAT won a national award- Manjunath Shanmugam Integrity Award by the International Alumni of Indian Institute of Management-IIM

2008-12

THE REVISION & STRATEGIZATION

THE COLLABORATIONS

2012-16

- ▶ Launched a Malnutrition Project in 675 villages of 7 districts in partnership with UNICEF under Health Category.
- ▶ Launched Childline 1098 to launch protective services to prevent sex trafficking in its intervention areas under Child Protection Category
- ▶ Won the India NGO Award, which has been given by the Rockefeller Foundation and the Resource Alliance
- ▶ Launched 60 doorstep education centers under a Rural Girl Child Education Project in collaboration with IIMPACT-an IIM alumni organization under Education Category.

- ▶ Launched a project on child protection in collaboration with UNICEF.
- ▶ The CEO won the Social Bravery Award (2012) by SONY Entertainment Network
- ▶ DEHAT has been honored with Dasra Girls Power Award for its Girl Child Education Initiative.
- ▶ Launched 'Swavlamban' initiative in collaboration with TATA TRUSTS under livelihood category for farmers having less than average land holdings in Bahraich District.
- ▶ Expanded to Amethi District and launched integrated community development program in collaboration with ACC Cements.

2011-14

THE RECOGNITIONS

2014-16

- ▶ Our community leaders won awards from Uttar Pradesh's CM and President of India.
- ▶ DEHAT has won various prestigious awards like Social Enterprise of the Year, World Congress CSR Awards etc.
- ▶ Likely to partner with various theme based organizations by the end of the year.

THE GROWTH

WHERE WE BEGUN

DEHAT (Developmental Association for Human Advancement) began in 1989 with a group of young activists from the district of Bahraich in Uttar Pradesh. The Planning Commission has identified Bahraich as one of the 100 most backward districts of India. For ten years, DEHAT served as a youth group by operating a school for 'Tharu' tribal villagers and forest dwelling children, until being registered under the Society Registration Act 1860 on the 21st of August 2000.

LOOK
BACK

AND SINCE THEN...

DEHAT has worked in conjunction with partners worldwide to empower and advocate for the most vulnerable and disadvantaged among us. We firmly believe that sustainable development can only take place when all children are assured of their survival, protection, and full participation in the development process. The 1990 United Nations Convention on the Rights of the Child established a comprehensive set of rights for all children, and our work stands to translate those policies into on-the-ground practice. Through focused intervention that builds local capacity and empowers all sections of society, we hope to move towards a world where children enjoy the full range of their rights and opportunities.

A child is first and foremost affected by his or her direct surroundings—family, neighborhood, school, and friends most immediately shape the course of that child's life. With that understanding in mind, DEHAT takes a holistic approach to activism that brings together education, maternal and child health, female literacy and empowerment, protection against human trafficking, farming and livelihood practices, and community building into a comprehensive solution for the problems faced by children in our target communities. And recognizing that those issues exist in a broader social context, we pair grassroots activism with political advocacy, community mobilization, and struggles for legal rights and their full realization. Thus, all our activities—whether at the level of national policymaking or local farming demonstrations—returns to serve the interests of children, especially those in the marginalized and oppressed sections of our society.

Vision

A child centered
society in which all
children enjoy the
fullest scope of
their rights

Theory of
Change

If children are assured of
their survival, protection
and participation in the
development process,
only then can a society
achieve sustainable
development

Mission

To empower the
deprived and
underprivileged
sections of society in
order to ensure the
basic rights of
children

THIS IS HOW WE HELP

OUR INTERVENTIONS REVOLVES AROUND...

BEHAVIOR CHANGE

Communities in “hard to reach” areas are deprived of quality information, education, training and exposure. Due to limited awareness opportunities, they follow many traditional practices which can be harmful for their quality of life. At DEHAT, we are committed to helping a community changes and its behavior in a way that improves the people’s quality of life.

DEMAND GENERATION

Numerous government programs, schemes and acts are in place, but due to lack of awareness they are still out of reach to the eligible communities, especially marginalized peoples. We are committed to make sure that everyone in our communities are aware of the government’s actions which might improve their quality of life or infringe upon their basic rights.

SYSTEM STRENGTHENING

DEHAT feels that some government programs are not able to completely benefit the target groups because the community support is weak. Further, government programs may have poor results due to lack of knowledge about them. Henceforth, we are committed to strengthening the government systems working for the welfare and development of its communities through generating community support, capacity building, and awareness campaigns about programs, schemes and acts

PROVIDING SERVICES

DEHAT believes that any organization cannot be an alternate to the government, and as a welfare-state system the government is responsible for all kind of services. Due to this belief, we always empower communities to raise demands of their needs. DEHAT observes in some cases that government support for suffering communities is taking too long. Parallel to the demands, DEHAT is committed to providing its services to the community until the realization of government support.

Despite India's promise to ensure certain rights for children, huge challenges remain before the promises are realized. We firmly believe that sustainable development can only be achieved when all children are assured of their survival, development, protection, and full participation in the decision-making process. Through our work, we hope to move towards a world where children enjoy the full range of their rights and opportunities. Below is a summary of how DEHAT approaches this issue and how it is helping children in India and slowly achieving a child-friendly and youth-enabling society.

RIGHTS BASED APPROACH

RIGHT TO SURVIVAL

RIGHT TO DEVELOPMENT

RIGHT TO PROTECTION

RIGHT TO PARTICIPATION

Initiative Categories Involved:

- ▶ Health
- ▶ Women & Adolescents Education

Activities Involved:

- ▶ Community initiatives to strengthen existing government health care systems.
- ▶ Community's education on maternal and child health.
- ▶ Epidemic control and vaccination promotion.
- ▶ Promotion of sanitation practices (also includes bamboo made eco-friendly toilets).
- ▶ Nutritional counselling and education.

Initiative Categories Involved:

- ▶ Education
- ▶ Livelihood

Activities Involved:

- ▶ Establishment of alternative education centers for school dropouts and non-attendees (especially girls).
- ▶ Enrolment campaigns to mainstream children in government schools.
- ▶ Promotion of agricultural & Skill Development practices to ensure food security & stable income for the family.
- ▶ Refurbishment of Government Schools in order to make sure positive influence of student's attitude and increase the rate of active enrolments.

Initiative Categories Involved:

- ▶ Advocacy
- ▶ Child Protection

Activities Involved:

- ▶ Tracking of missing children through Childline hotline & Grassroots level child-protection organization's network across Indo-Nepal Border in UP.
- ▶ Rescue, Restoration, Repatriation & Rehabilitation of children, found missing or in vulnerable condition.
- ▶ Community education to prevent human trafficking and domestic violence.
- ▶ Formation of Community Based Organizations

Initiative Categories Involved:

- ▶ Education

Activities Involved:

- ▶ Formation of Children's Groups like 'Bal Adhikar Manch' (Child Rights Forum).
- ▶ Ensuring participation of elected child leaders in community meetings.
- ▶ Organization of folk art and theater performances by children for the benefit of their own communities.
- ▶ Teaching process through trained Girl-Child Student Teachers.

INTEGRATED

APPROACH

**TO GIVE A CHILD
DESERVING LIFE...**

THE SUSTAINABLE DEVELOPEMNT GOAL CONETXT

- ▶ Teaching scientific techniques and innovative methods to the small or less than average land holding farmers with an objective of Decreasing Input Cost, Increasing Production, Connecting to the Financial Networks and let them take Full Advantage of Government Schemes.

- ▶ Rural Skill Development Program

1 NO POVERTY

- ▶ Food Security to small or less than average land holding farmers and their families by proving them training on growing 100% organic and nourishing food in their accessible farms
- ▶ Uplifting the livelihood of Farmers, Rural Youths from our 'Swavlamban' and Rural Skill Development Program (for men and women)

2 ZERO HUNGER

- ▶ Regular Health Check-ups to the deprived areas
- ▶ Maternal and Child Health Care
- ▶ Community's Education and mind-set changing exercise on traditional or harmful practices they follow due to unawareness of pros and cons of those practices
- ▶ Straightening government's grassroots level health care system by proving trainings or knowledge events

3 GOOD HEALTH AND WELL-BEING

4 QUALITY EDUCATION

- ▶ Providing free of cost education upto primary level education to rural children in community donated spaces (40 Girl's Education & 60 Co-ed centers)
- ▶ Rejuvenating the Government Schools on the Building as Learning Aid concept for deprived children as no other no other alternate is left for them
- ▶ Changing community's mind-set on pros and cons about their perception on sending their children for education

5 GENDER EQUALITY

- ▶ Serving the communities with no discrimination in anyway
- ▶ Changing community's mind-set on pros and cons about their perception on sending their girls for education and awaking them about the consequence like

10 REDUCED INEQUALITIES

7 AFFORDABLE AND CLEAN ENERGY

- ▶ Farming practices that we are promoting is based on Natural Resource Management concepts
- ▶ Be it at children's regular evening study schedule or pumping water in the farmer's fields, we are promoting solar technologies across our initiatives

Village Blocks

Indo-Nepal Child Protection
Network / Partner NGOs

Direct Intervention

DEHAT has its Network & Alliance across the
border districts of Uttar Pradesh and Nepal.

-Sunita Chakravarty, Sitkahna Village, Shrawasti, Uttar Pradesh
Teacher from Swadhyaya Initiative (Winner of Swayam Awards by the Chief Minister)

I was walking back from the education center after teaching when two men started following me on a motorbike, they passed mean and vulgar comments which were very offensive. I tried my best to let go and ignore but they pulled my saree off and also tried to assault me. I started slapping them and throwing stones on them as the result of the struggle I started bleeding from my hand and legs. They ran away to another village, I called the project coordinator and went to the other village named Singahia with him. The police arrived an hour later and refused to arrest the culprits due to the political interference, but with the efforts of Jitendra Bhaiya, we were able to engage the press into this matter and by the midnight the police agreed to register the case.

-Kurkuri Kuan Community, Mihinpurwa Block, Bahraich, Uttar Pradesh
From 'Swadhyaya' Initiative

In Kurkuri Kuan Village, initially the center was in open space and it was very difficult for the girl champs and teachers to run teaching and learning activities. We raised our concern with the community and made them realize how important it is for a girl to get educated, we brought all the likeminded villagers at one platform in the form of Community Based Organization namely 'Balika Shiksha Adhikar Samiti' and exercised with their rigid behavior and managed to agree them not to engage girls in marriage or labor activities and soon they inspired whole village on the same concern. As an outcome, community members collected INR 4000/- (\$60) and prepared a shelter using Bamboo and weed. Community has also prepared a Bamboo toilet for the children. Now community itself make sure that no girl is left uneducated and also monitors the centers.

-Nidhi Singh, Annibaisal, Amethi, Uttar Pradesh
From 'Alternate Pathshala' Initiative

Local Govt. School is 5 Kms. far from my doorstep and my parents could not afford private school fees. I was left with only option to sit home and work as a domestic helper. Meanwhile, Triloki and Pradeep Bhaiya came to my parents and convinced them to let me study, but the problem was that papa still did not wanted me to leave the premises due to security reasons then Pradeep Bhaiya told me about Alternate Pathshala Initiative which was just couple of steps from my doorstep. I continued with the Pathshala and scored 71.8% in my matriculation and now my parents are willing to admit me for the intermediate level of education and I am aiming for being a teacher help hundreds of children in my village.

-Gobrey, Bhawanipur Village, Bahraich, Uttar Pradesh

From 'Swavlamban' Initiative

There was a time, when I use to be a daily wage laborer and able to manage just INR 120/- (\$1.78) a day and that too 15-18 days a month and it was hard to fulfill the bare minimum needs of my children and wife. When Jitendra Bhaiya of DEHAT came up with Swavlamban idea and convinced me with the facts and figures, I believed them and took the risk on just a small piece of land which was not much than 1000 Sq. feet which was not even fertile enough to grow crops or any vegetable we can think of. They trained me with lots of knowledge and exposure from across the country and prepared me as Agriculture Barefoot Scientist. Now I inspire hundreds of other farmers to implement the same as I do and we are now capable enough to ensure every single right that my wife and children deserves.

-Dr. Saleem, Munshipurwa Village, Shrawasti, Uttar Pradesh

From 'Swadhyaya' Program

As I was a single Ph.D. among the locality, I was enthusiastic about doing something for the girl champs who were facing discrimination in any possible way you can think of. When more than 98% population is socially excluded, you can assume how pathetic the situation was. Meanwhile, DEHAT was doing a study on girl child education status to start a new program in the area, when I came to know, I have reached to them. Since both of our ideology was same, we have decided to wipe out the discrimination and vulnerability girls were facing and since last six years, we are together and along with education, we are dedicated to change community's mindsets towards girl child education. Now as a result of our efforts, 40 child marriage was stopped and 4 villages got free from child marriage. All I want to say is that DEHAT is playing a catalyst's role in our community and believe in sustainable change and the kind of empowerment they gave me through their resources and exposures, I will inspire as many people I can.

-Moshima Bano, Ashidapur, Amethi, Uttar Pradesh

From 'Light a Life' Initiative

The maternal health care mechanisms were too weak to take care of any medical tragedy in my village. I was going through my initial phase of pregnancy. Triloki Bhaiya came to us as a part of their initiative in our village and guided me and my family to take care of me and my unborn child by several nutritious meals and precautions. They kept visiting us on regular basis until the delivery phase and since the institutional delivery was not possible due to the distance, they informed my husband and mother-in-law about umbilical cord-cutting, sanitation after and before birth, salt selection before and after delivery, thermal care and breastfeeding practices. As an impact of their efforts, now I have a healthy child in my life and I can't express in words that how happy I am. I will spread the information and practices among my community so that all can have healthy babies with happy mothers.

DEHAT monitors its impact on both macro- and micro- levels. We design and implement our programmes specifically to target the impact we strive to make. We form enable, educate, and empower Community Based Organizations (CBOs) at grassroots level to monitor all our services as we believe that by putting a crystal-clear picture of the projects in front of the beneficiaries, they can better scale what they are availing. Let's have a look over our systems or tools that makes us capable to measure our impacts at significant level.

► **Management Information System:**

MIS systems have been developed at the grassroots level, which is maintained by the Community Level Workers [CLWs] at village level, compiled by the "Field Coordinators" at cluster level and then compiled at project level by MIS Officers and validated by Project Coordinators. This system has all kind of data and detailed information regarding the activities executed at grassroots level. The organization level MIS is compiled and maintained on the basis of grassroots level MIS system.

► **Monthly Data Report:**

The monthly data report is compiled on the basis of MIS and submitted by the Field/Project Coordinators on monthly basis

► **Fortnightly and Monthly Meetings of Staff:**

In these meetings, all the team members share their findings, present the reports, and plan accordingly

► **Monthly Core Committee Review and Planning Meeting:**

In the presence of Chief Executive, all the Project Leaders along with one team member (From Second Line), organize core committee meetings every month. In this meeting, each Project Leader/Coordinator presents monthly progress report and plan for next month in PowerPoint form followed by question-answer sessions. This process helps to develop the best understanding of each project team on organization's progress in total.

We approach development in a way that is holistic, targeted and local. By keeping our initiative's scope intense, we can involve in the communities we work with deeply. We can then address the complex and interconnected problems of education, health, poverty, protection and empowerment together for sustainable long-term progress. Our dedicated team aims to identify the real drivers behind negative outcomes and create sustainable and effective solutions to address them.

The Monitoring...

Every new day

Daily Task Setting, is one of the method that allows to brief yesterday's challenges and plan the tasks for today. Later, team moves with task checklist

STEP
01

STEP

The donor's and external expert's visits to make our initiatives more impactful

STEP
05

THE AWARDS

Our work in the very hard-to-reach areas in India has been recognized by eminent people around the world, including Global NGO Awards by The Resource Alliance, UK who shortlisted us as First Runner-up among the top 5 organizations from all around the world. We have also consistently won awards for excellence, including:

2015

THE FEATURED SOCIAL ENTERPRISE OF THE YEAR

DEHAT has been honored as Social Enterprise of the Year 2015 at 'Manch' Summit 2015 for its outstanding replicable model of Crop Intensification Systems among the farmers having less than average land holdings. 'Manch' is a Social Entrepreneurship summit which is organized by Uttar Pradesh Government to identify impactful social enterprises from across the country.

2016

THE WORLD CSR CONGRESS's 'CERTIFICATE OF MERIT'

On 18th February, 2016, DEHAT has been conferred with The 'Certificate of Merit' in the category of Social Cause and Empowerment at 'India's Most Ethical Companies Conference and Awards'. The Award have been instituted by the 5th Edition of World CSR Congress, and recognize impact on the way business is conducted in a socially responsible way by fostering a culture of ethics and culture. A total number of 123 countries from across the Globe has participated at the Congress.

2014

THE DASRA GIRLS POWER AWARD

DEHAT was honored as finalist for "Education" category and the citation was given by Ms. Kavita Ramdas-The Asia Chief of Ford Foundation among 6 leading organizations from India. The Dasra Girls Power Awards recognizes impactful and innovative programs that work with adolescent girls in three distinct areas of interventions –Health, Education and Life Skills.

2011

THE GLOBAL NGO AWARDS

DEHAT was one among the five voluntary organizations (Water Aid UK, Ashi Naga-Japan, Head Strong- Ireland, Living Earth-Uganda and DEHAT from India) shortlisted at International level for Global Awards2011. These organizations were shortlisted from the National winners of NGO Awards given by The Resource Alliance-UK

2010

INDIA NGO AWARDS

DEHAT is one among the four non-govt. organizations in the country, who are awarded with India NGO Award-2010 (NGO of the Year). The Resource Alliance in association with the Rockefeller Foundation gives this prestigious award. India NGO Awards are the most coveted awards to honor NGOs adopting good standards and practices during implementation of their programmes. The organizations were shortlisted on the basis of highest standards of resource mobilization, accountability and transparency.

2009

MANJUNATH SHANMUGAM INTEGRITY AWARDS

The 'Manjunath Shanmugam National Integrity Award-2009' was given to 'DEHAT' for its integrity, commitment and efforts against corruption, by the Manjunath Shanmugam Trust IIM-Bangalore. The MST is an International IIM alumnus's initiative in memory of Manjunath Shanmugam-an alumnus of IIM-Lucknow and an Indian Oil Corporation officer, who was murdered while working against oil adulteration.

AWARDS

TO

DEHAT

2016

INDIAN MEDICAL ASSOCIATION AWARDS

Dr. Jitendra Chaturvedi has been awarded with a citation and a donation prize of INR 11,000 (to the organization) by IMA District President Dr. Anil Kedia and Dr. Sangeeta Mehta for his commendable efforts towards ideation of child parliaments and community's leadership for addressing child trafficking, health, livelihood & education issues and bringing the change in the development process of the society through community's or children's initiatives

2014

BAHRAICH RATNA AWARDS

Dr. Jitendra Chaturvedi has been awarded with 'The Bahraich Ratna Award' organized by the Global School of Learning on behalf of Bahraich civil society. This award is given for DEHAT's efforts in changing the lives of the disadvantaged. Recognition from the local community, whose knowledge of DEHAT's work is most honest and complete, is so dear to us.

2016

First released in 1982, the book has been revised and updated to reflect the latest research and developments in the field. The book is written in a clear, concise, and accessible style, making it suitable for both students and professionals. It covers a wide range of topics, including the history of the field, the current state of research, and the future of the field. The book is a valuable resource for anyone interested in the field of organizational behavior and management.

State gets its first revenue village under Forest Act

EXPRESS NEWS SERVICE LUCKNOW, APRIL 19 THE forest village of Dafedar Gaudi in Behrakh is not only acquired a new name but its dwellers have also for the first time been awarded the ownership of land. Known earlier as Gokulpur, Dafedar Gaudi became the first village in Uttar Pradesh to be converted into a revenue village under the Scheduled Dither and other Traditional Forest Dwellers (Recognition of Forest Rights) Act 2006. District Magistrate of Behrakh Elgiza Samphel on Thursday distributed the registry deeds of 25 839 hectares of agricultural land to 53 families of the village. According to our records, this is the first village in the state where traditional forest dwellers have been given land rights, said Samphel. The district administration has also asked the village community purposes like building primary school, primary health centre and community pond under the Mahatma Gandhi National Rural Employment Guarantee Scheme (MNRGS). With a population of 350 families Dafedar Gaudi is one of the eight villages in the district which are covered under the Act. The dwellers were brought here by the British in 1930 and given land for agriculture purposes. Apart from guarding the forests, they also worked as plantation labourers. In 1980, the arrangement however came to a stop as the area came under the Forest Protection Act. 53 families lost their land. Consequently their condition deteriorated as they could not avail the land ceiling distribution system or land tithe schemes. They primarily worked as farm labourers and the

Trafficking active in garb of migration from Nepal

Blank Check Answered: TNM: Jan 09 2015 10:48 AM IST

B AHRAICH: Sudden spurt in migration of people from earthquake-hit Nepal into the country has kept the security forces and intelligence agencies alike. Suspecting human trafficking, security has been tightened on the Indo-Nepal border, spreading across five states, UP at the lead. Intelligence sleuths deployed on Indo-Nepal border at Rupaidiha checkpost said approximately 15,000 women were trafficked from Nepal through the five states sharing the border with the Himalayan Kingdom.

ra Class in progress on a roof (Ehrlo, Ankur Pallwal)

It was something unusual for the residents of Nakahi in Shravasti district on January 7 when Fatima's husband and his parents came to the village to perform the gauna and take the seven-year-old bride along with them. Her father, Abdul Karim, said Fatima was married off to Bakridi Khan when she was three months old. This is a custom prevalent in northern India, in which the groom after the marriage goes to the bride's house to bring her along to begin her new life.

Fatima's daily water parents owe this change to an initiative b

Responsible's women take charge of village development, ably tackling corruption along

Anjali Singh

Education, they say, is a tool for freedom of thought and action. If you want, protest in village meetings in Uttar Pradesh's Barabanki district, and visit the Poorva Madhyamik Vidyapeeth school was the site of a powerful anti-corruption campaign. But what is particularly anchored by local women. The campaign continues. Karmaveer, 35, heads the Ma Gauri women members and plays a dual role as ASTHA Bahini or the local maternity health nursing in Kanoor and there are all managed by women," she says.

It all began when the new school building constructed in 2003 for local children was constructed. It finally collapsed during the monsoons that year – fortunately, then, when the roof fell it would have been a huge tragedy. That's when we women demanded and seek justice for the village. The headmaster and the village headman refused.

In 2015-16, DEHAT was featured approximately 300 times through the year in various publications and newspapers across multiple platforms.

Female Literacy Rate

Why ‘Swadhyaya’ Initiative?

Girl Champs who are born in “hard-to-reach” demographics, where facilities like schools are at least more than 2-3 miles far from their households and a society where they have been declared as “Socially Excluded Groups” which nearly implies the end of their hopes. Meanwhile, in day-to-day life, Girl Champs are often denied of their Rights of Participation, Development & Protection. Furthermore, the community’s mindset is limited upto offering more and more opportunities to their boys as he can help them to earn their livelihood and denying the hopes and desires of their Girl Champs. In their eyes, she can only be the core helper for their housekeeping work and later in the huge responsibility of her marriage (Parents were accustomed to marrying their Girl Child even earlier than 13). If we combine these problems together, we can have a better idea what can be the consequences of this wretched situation all together. Girl Champs, while fighting for their basic rights in their lives, can rarely get the opportunities to relax, wonder and simply enjoy themselves while learning more about the world they live in. There is a marked lack of encouragement, inspiration and awareness of the multitude of possibilities that await them in society. We believe that Champ’s demographics cannot be the indication for her destiny. Every champ deserves a chance to experience a whole new life, filled with opportunities to take full advantage of themselves and learn new things while building self-confidence. This belief is what inspired us to create the “Swadhyaya” Initiative.

How ‘Swadhyaya’ works?

DEHAT’s Rural Girl Child Education Initiative seeks to bring free of cost quality primary education to villages where girls’ education is otherwise forgotten or ignored. We operate alternative learning centers where girls from 1st to 5th class learn subjects including Math, Hindi, Science, and English, as well as important knowledge about nutrition, adolescent health, and their rights. These learning centers are also a safe space for girls in these villages, where they can receive counseling against the harms of child marriage or child labor and seek support of their teachers to oppose violations of children’s rights. Through these learning centres and organizations of parents, teachers, and community leaders, we hope to empower both the girls studying in our schools and to expand opportunities for these women long into the future. The unique side of this program is that all the centers are operated in “Community Donated Spaces” and also managed by a committee constituted by the community.

Through Project ‘Swadhyaya’ we not only educate our Girl Champs to the limits of ABCD and writing their names, but we often provide an incredibly innovative environment, which not only allows them to get a primary-level education but also develop themselves in a setting where they can show-up their talents like singing, drawing, creating rhymes and writing poems, etc. Meanwhile, since it is a core programme for adolescent groups, we offer to them participation in the dialogues in and interactions with issues like Reproductive Health Rights, the consequences of Girl Child Marriages, Trafficking Hurdles in different entertaining ways. These may become challenges in their lives due to extreme poverty. The only thing which allows us to achieve these ‘CHANGES’ is Community’s Behavior Change. Project ‘Swa-Adhyaya’ is something different that we have introduced to take up these challenges in an incredibly new way. We have not bounded our teachers to the classrooms but also have involved them in door-to-door counseling of parents of the Swa-Adhyaya Girl Champs.

Why ‘Bravo Girls’ Initiative?

A survey that we have compiled across 14 villages of Bahraich Districts of Uttar Pradesh, India revealed that while on one hand, the basic literacy rate was more than 92%, less than 1% of the population had completed secondary-level education. Additional research revealed that the dropout percentage among girls after Class VIII is as high as 96.7% in the area. On the ground, this means that a very small percentage of girls in the region are actually completing education up to Class X, which is the bare minimum required for any opportunities being offered. This, in turn, leaves these young girls vulnerable to issues of early marriages and domestic abuse. Meanwhile, marked gaps like leadership qualities in Girl Champs, community’s sensitization about impacts of their daughter’s education, and safety concerns while school days are some of the major reasons that inspired us to design the “Bravo Girls” Initiative.

How ‘Bravo Girls’ works?

Bravo Girls also faces the kind of same adversities like Swa-Adhyaya’s “Why”, keeping the findings in mind, this initiative is specifically designed to bring quality life to the group of adolescent Girl Champs with an empowerment approach so that they can be aware and capable of standing up for their rights as citizens. Henceforth, the curriculum is also delivered by trained teachers who can be a good teacher as well as an excellent role model for the Girl Champs.

Features of Bravo Girls:

- ▶ With lots of exploratory knowledge, experience, and Class X graduation certificate, Champs get all possible access to the employment opportunities offered by various government and non-government agencies available in rural areas.
- ▶ Some of them (Change Makers) takes leadership positions in their communities and help it move towards a better future collectively.
- ▶ The communities are now encouraged to allow their daughters to attend school’s education centers as they can clearly see the impact of the program. This has an amazingly positive social change and increased the penetration of quality education in rural areas.
- ▶ Sensitization of working women acting as mentor-mothers and inspire them to sensitize others, both in their professional and personal spheres to share their love, time and experience with the disadvantaged communities. Very often, a little bit of their time makes a big difference.
- ▶ Future families of these Champs will receive immense benefits, especially the children. This is in keeping with the belief that educating a girl is educating a future family. It has a cascading effect which multiplies over the time.

“Alternative Pathshaala” Initiative

Educating, Enabling & Empowering the Rural Girl Champs (E³GC) Programme

Why ‘Alternative Pathshaala’ Initiative?

At DEHAT, we believe that dream and a true passion is the only material that can produce an incredible personality. It does not matter where they grew up or what their financial background is. What matters is that their true choice came from their interests and passions. While working with rural champs in different educational scopes, we found that as they progress through schools, there was a huge gap between their projected academic performances and actual performances. Also, one of the major reason for these performances was the teacher-student ratio at Govt. Schools, which is often far beyond imagination, e.g., 169:1 in some cases. Meanwhile, lack of awareness, confidence and exploration of the long career and life choices could not match the dreams of Champs. These flaws and lack of inspiring and supportive social environments for Girl Champs is what the ‘Alternative Pathshaala’ addresses.

How ‘Alternative Pathshaala’ works?

Alternative Pathshaalas strives to bridge the gap between all the opportunities, choices and overall academic development progress in the Champs’ lives. Alternative Paathshaalas works exclusively with champs in 6-10 Grades. Along with providing all the tech-ticks of passing boards exam with distiction, we provide them exposure to various career options and enable them to understand what there true strengths and potentials are. We include our very own training module to train Pathshaala’s teachers and include some of the top notch local resource person to accomplish the benchmarks we set every year.

ALTERNATIVE PATHSHAALA ADDRESSES

Why ‘Digitify’ Initiative?

Through our extensive work with education in different ways, we have realized that digital education can bring more concept clarity and make learning even more fun experience. Research shows that digital environment can give a marked effect on intelligence and creative development. But in demographic adversity, it is difficult to find such facility. Here, we have come up with a solution that breaks this marked distance between Digital & Manual Learning. The primary focus of Digitify is to make the learning experience a true fun & creative environment.

How ‘Digitify’ works?

The aim of Digitify is to convert the traditional way of learning into modern and globalized educational involvement. We do this by instilling ‘hole in the wall computers’ in primary classes of Govt. Schools and involve a special mentor to monitor the functionality and instructions. Furthermore, Computer Coaching Centres(C³) help to identify secondary and senior secondary level gaps in digital skills. Digitify prepares the Champs for cracking into urban environments and making their career choices broader after +2 standard.

DIGITIFY ADDRESSES

Internet basics to the champs of 6th to 12th std. and guide them to access appropriate information on it

70

Champs of 6th to 12th std. have learnt the very basic of Internet and Office Package so far

Why ‘SPICE’ Initiative?

SPICE stands for School Premises for Innovative & Creative Education. Believing that Govt. Schools are the only alternate for poor and deprived children. We have initiated this project to let the children:

- ▶ Understand the physical world around them
- ▶ Comprehend the passage of time in their Daily Life
- ▶ Grasp Tech-Ticks to deal with numbers
- ▶ Get different ways of interacting with language
- ▶ Involve with Doing and Learning Acts
- ▶ Enabled with Fun & Learning concepts
- ▶ Making the nature of Government school's components as inviting for children instrument.

How ‘SPICE’ works?

School buildings are meant for children. They are designed for them. And yet somehow they do not relate to them in a holistic way. Each component of the school is somehow conceived in isolation with little consideration about what the child is finally going to experience as a whole. “SPICE” is all about making the building components an active facilitator in the whole process of teaching-learning (which is the primary function of the school) for children and teachers (who are the primary users). It is an innovative way to conceive of and use the various building components like the floor, wall, door, window or even spaces like corridor and open space in such a way that it also helps children and teachers in the process of teaching—learning apart from serving their usual function. Thus, in a school that has been conceived like this, a floor may no longer be just a floor but a way to understand fractions or window might become more than a usual window and let a child prepare for skills in writing Hindi alphabets, or a sensitively designed corridor could help children to correctly estimate distances.

SPICE ADDRESSES

Library and quality books in each SPICE adopted Schools

Rejuvenation of Primary level schools and increase in the retention rate through various interventions including SPICE approach

Govt. teacher's training to track each child's progress on Day to Day basis

Be it at Interschool or National level, we ensure champ's participation and maintain his/her position across all possible platforms

Through RTE Act, 2009 we ensure Community's ownership towards the Schools and it's functioning

SPICE IMPACT 2015-16

1234

Out of 1315 champs maintained their retention rate due to regular home visits and formal Parent Teacher Meetings

1315

Champs are being currently benefitting from "SPICE" approach

282

Champs were enrolled to SPICE schools through enrolment drives

28

Govt. School teacher felt ease in demonstrating the academic content to the champs

98%

Champs have improved their academic performances so far

"Womenia" Initiative

Educating, Enabling the Rural Women (E²RC) Programme

Why 'Womenia' Initiative?

While making efforts in different scopes of education, we realized that Champs' shelter is the first institution for her or his life, and mothers are the first teacher to give them a lesson of life and beautify them as an incredible persona. But realizing the lack of knowledge & awareness about initial academic concerns & different government schemes that her family can avail is leading their families to a dark world where they cannot even think of educating their Girl or Boy Champs (after 6 and above) and cannot avail the existing schemes that the government is offering to them. Believing that only community's behavior change can play a major role while achieving our goals to transform the families, we have initiated Womenia.

How 'Womenia' works?

'Womenia' aims to provide a mother mentor to each's family, especially to the children (at least until they reach the basic level of understanding). The core focus of this programme is to teach the alphabetical and basic academic knowledge to the illiterate women, endowing them with correct health and hygiene practices and making them a demanding citizen for all their deserving rights and government schemes. We do this by opening literacy centers in the different locations in which we work. (Shelter for these centers are borne by the communities itself.) Meanwhile, literacy counseling and drives help us to mobilize community support.

Impact assessment data reveals that 98% of these women could now sign their name and are able to raise voice for government actions, and over 74% have mastered all tasks including advanced exercises in basic language knowledge.

WOMENIA ADDRESSES

Information to the women regarding what life their family and its children deserves and how they can avail it

Women of age group 23-65, mostly mother or grandmother are being addressed with an aim to nurture at least one mentor-mother in each household we work with

Ability to not just read and write but also give them the very basic content to give a little push to their lives

Information on Basic health and hygiene practices that can prevent various health problems of their families

Empower and educate them about citizen rights and govt. schemes to strengthen demand generation from these women itself

WOMENIA IMPACT 2015-16

884

Womenias' appeared for NIOS exam and all have successfully qualified the exam with a minimum of B+ Grade

19

'Womenia' Education Center has been established so far

576

Womenias' are now having a basic knowledge about reading, writing skills and necessary information on citizen rights and govt. schemes.

98%

Womenias' are now having basic knowledge about health and hygiene practices that can prevent various health problems within their families

127

Womenias' are currently enrolled across Womenia centers.

'Swadhyaya' Initiative

The 'Swadhyaya' program continues to evolve based on our experiences on the ground. Our focus for 2016 is to implement a new curriculum designed to improve foundational literacy and numeracy in champs by grade 5. We also plan to invest in up-skilling and empowering our academic support team to incorporate differentiated and activity based teaching practices in all Swadhyaya classes, thereby improving the quality of support children receive. Over the next 5 years, Swadhyaya will expand to the Jungle area of Bahraich District where tribal exists and will be introduced to at least 6-8 Govt. schools which are abandoned and deprived of all govt. schemes and even basic facilities with a combination of all the components at one platform.

'Bravo Girls' Initiative

In the past year, 'Bravo Girl', was primarily focused on providing exposure to various scopes of education in and after 10 and +2. In its new avatar of 2016, Bravo Girl Champs will be admitted to a regular and quality Girl's School in urban city Bahraich (Because no school is available in their area yet), which will now give them a whole new aura that a normal child deserves. The journey has started from a jungle and now all champs are compatible and capable to compete with urban environment. While their off-school hours, our focus will be on helping the Champs find their area of interest through initial profiling, explore it through experiential workshops and activities. Champs will also be supported in building practical life skills such as social, computer and employability skills through highly educated housewife volunteers from higher income families etc.

'Alternative Pathshaala' Initiative

Alternative Pathshaalas, in its current form, is focused on enhancing Champs' skills in subjects like English, Science & Math. Going forward, Alternative Pathshaala will evolve as a platform for breaking their regular and traditional methods of studies and involve fun and learning activities focusing on career awareness. Furthermore, children will be enabled with building and connecting their dreams through self-growth and transformation. In 2016-17, we look to partner with sector experts and draw on their theory of personal transformation to help children increase self-esteem and confidence. Alternate Pathshala will continue to be a fun and educational experience but will grow to include aspects such as goal setting, defining aspirations, and teaching children to dream big and take the first steps to realizing their dreams.

'Digitify' Initiative

A key purpose of Digitify was to generate an impact by improving the knowledge-base for children in digital skills, but we have found that there is often a huge need for this initiative. Six Govt. Schools and two Computer Coaching Centres may be enough to make even gentle impact due to long distances from Champs' households, especially when considering long-term outcomes. As our focus has shifted towards long-term outcomes, we realize that we need to re-purpose resources towards improving the quality and range of our digital initiatives. The most effective way to maximize this effort for us is to initiate this project with cost effective approaches in more programme areas in which we work. The reason behind the expansion of this project is that we only work with hard-to-reach communities where it is just their dream to study with digital aids.

'SPICE' Initiative

As 'SPICE' emerged as one of a major change making initiative while achieving our aim of making education not as an Alphabetical Learner but as an instrument of understanding the "Why" of education. We will move forward in 2016-17 by collaborating with the government and other stakeholders especially SMCs and communities to implement RTE act, 2009 in SPICE adopted schools.

SPICE will also be expanding to the tribal government schools based around Katerniaghat Wildlife sanctuary, Bahraich district. These schools are declared worst by the govt. education department and no basic infra are available there.

'Bravo Girls' Initiative

As we are achieving the aim of Womenia, there is still something missing to be done. The missing part we are talking about is a core focus on making a child-centric society by these women in each household. Along with the current curriculum, we will re-conceptualize the 'Womenia' initiative to spread out the change in the thought process of these women for making a better society for children. Furthermore, tribal communities are still left without 'Womenia' initiative, so we also want to introduce this concept with them as well.

Infant Mortality Rate

Maternal Mortality Rate

Institutional Deliveries

Under Five Mortality Rate

Why ‘Light a Life’ Initiative?

In India, 900 thousand newborn infants are dying each year. This means more than one child is dying every minute. Over 55% of children under the age of two do not receive comprehensive routine immunization in India. Approximately 2.7 million children under the age of five receive no treatment for diarrhea, one of the major causes of childhood mortality. Of 25 developing countries, India has the highest number of children who do not receive even the most basic of healthcare services. Undernutrition, respiratory infections, lack of immunization and poor healthcare facilities are the underlying causes of these newborn deaths.

We at DEHAT are committed to providing robust health and nutrition programs that save most lives of the children and ensure that they grow up healthy. We work to improve health and nutrition of mothers, newborn babies, and children with special attention to poor and vulnerable communities such as adolescent girls. We work in hard-to-reach and impoverished communities, as well as with families hit hard by natural disasters and conflict.

How ‘Light a Life’ works?

**‘LIGHT A LIFE’ BRINGS SEVEN AREAS OF
MATERNAL & CHILD HEALTH AT ONE PLATFORM**

Newborn Health

Child Survival

Child Marriage

Maternal and Reproductive Health

Regular Major and Minor
Health Check-ups

Adolescent Health

Sanitation

Nutrition

Three Game-Changing techniques and its activities-

Behavior Change

We work intensively with communities on behavioral change in traditional practices related to community health.

- ▶ Promoting institutional deliveries, thermal care, five cleans (in the case of home deliveries), early initiation of colostrum feeding within one hour of birth, exclusive breastfeeding up to 6 months, infant and young child feeding practices, hand washing and using iodized salt are some key areas of interventions.
- ▶ Celebration of “World Breast Feeding Week”, “World New-born Care Week”, World AIDS Day and other important health days.
- ▶ Facilitation of Games, Puzzle, Dari, weighing machines, pre-education charts and kits, books, health, and hygiene kits etc. for Anganwadi centers.

Demand Generation

We have realized that existing government services are in place and sometimes even at the doorstep but communities are not aware of them. Due to this, the community demand is weak.

- ▶ Intensive efforts towards community’s demand generation by making them aware of need of immunizations, importance of institutional deliveries, benefits of government health and nutrition schemes like Integrated Child Development Schemes-ICDS (Popular as ‘Anganwadi’), JSY (Janani Suraksha Yojna), JSSK (Janani Shishu Suraksha Karyakram), National Immunization Program, Family Planning Services, Health Insurance Schemes etc.
- ▶ Organizing interface programs between community and government healthcare providers.
- ▶ Celebration of ‘Baal Swasthya Poshan Mah’-BSPM (Child Health Nutrition Month)” which is organized during June and December for providing vitamin-A drops along with other health and nutrition services, “Village Health and Nutrition Day-VHND” in each Gram Panchayat, “Weekly Health and Nutrition Day” at ICDS Centre level and other opportunities.

System Strengthening

We always support government efforts to improve health status.

- ▶ Strengthening the government systems through capacity-building and handholding at the grassroots level and ensuring community participation.
- ▶ Support of government frontline programs, participatory planning, awareness generation about schemes and community-led advocacy.

Furthermore, here's how we interlink our Livelihood & Education Initiative to 'Light a life'...

LIGHT A LIFE

IMPACT 2015-16

11

Anganwadis has been benefitted from Light a Life and now strengthening 100s of families

6501

Mothers, Adolescent Girls & Children Directly Impacted

19503

Mothers, Adolescent Girls & Children has been directly impacted

3470

Adolescents Girls & their parents counseled about basic Health & Hygiene practices as well as the consequences of childhood marriages

1564

Infants and Newborn lives saved

What's next now?

'Light a Life' will continue to expand our efforts for people's health and for making people 'Healthy Wealthy & Wise'. Up to date we have converted 31 villages into 'model villages' on the basis of child health and nutrition indicators, benefited over more than 50,000 mothers directly and indirectly, more than 16,000 adolescent girls impacted directly. Infants and children of these mothers are also having rich care. While there is much to celebrate, there is more to be done. Our focus for next year will be on increasing infant's registration, creating health leaders in communities, making emergency services for prompt deliveries, training mothers to take care of deliveries and ante & post-natal cares even at the households if there is absence of medical facility. Meanwhile, some of the very hard-to-reach area is still left of 'Light a Life' initiative, where it is most needed. The expansion of this project is expected to launch in near time.

More than 73% farmers & youths were having no market access

More than 85% were not in a position to ensure their children's right

Raising Farmers, Enabling Children “Swavlamban” Initiative

Enabling The Generations Programme

Why ‘Swavlamban’ Initiative?

‘Swavlamban’, a Sanskrit term which means ‘Self-dependent’. While working exclusively with the vulnerable and deprived community, we have found that for more than 80% families, agriculture is the only way to transform their lives. Yet somehow families largely cannot make it due to lack of technical knowledge and aid, financial networks, and the support of government stakeholders (as many did not know such community even exist). Believing that modern farming techniques and government stakeholder’s support can completely change the lives of thousands of children, we have come up with this innovative solution. ‘Swavlamban’ offers each family to let them enjoy:

- ▶ Life with dignity
- ▶ Equity within the family
- ▶ Freedom from hunger
- ▶ Decent income: 1,00,000 p.a. with 3-4 sustainable sources
- ▶ Risks managed life, assets, and incomes.
- ▶ Shelter, education, health & fulfillment of the basic rights of their children.

How ‘Swavlamban’ works?

The aim of ‘Swavlamban’ is to improve the livelihoods of farmers and their families through progressive farming that decreases input costs, increases production, connects them with financial networks, and takes full advantage of government assistance. ‘Swavlamban’ targets the problem of poverty in a context where as many as 80% of families survive by means of subsistence farming. Advanced farming practices with the help of progressive government schemes offer farmers the promise of better standards of living, but in remote and underprivileged communities agriculture workers are still not reaching their full potential. ‘Swavlamban’ seeks to educate farmers about these available practices and government programs in order to propel them towards a future of dignity and a better living wage for them and their families. Consistent and adequate income empowers individuals and creates a better home environment where children are more likely to experience all of their rights.

SWAVLAMBAN BRINGS 6 METHODS AT ONE PLATFORM

This is

how

we do it...

SWAVLAMBAN IMPACT 2015-16

86%

Reduction in migration and trafficking rate

1000

Regt. on the govt. agriculture website now able to avail Govt. schemes

5000

Inspired to take up their farming in Swavlambi way and their families and children are now enjoying their rights

100%

Families who were engaged in illegal liquor making are now turned towards DEHATs innovations and village got liquor free

80%

Reduction in the losses by wild animals by using Subabool & Bamboo plantation

₹ 385781

Banana farmers are currently gaining per acre net profit on an average which includes extra income of ₹64731 of extra income through multi-layer farming

Why Skill Development Initiative?

With different tragic situations, youths in deprived and vulnerable demographics are still denied of their higher study picks after matriculation or +2 level. With remaining hope, they could not enter the market for employment opportunities as they do not have any specialization with matriculation or +2 certificate. After we introduced specialized 1-month training programmes with the help of NSDC, ACC & Centum, the non-college youth are finding employment opportunities and they are often inspired to restart their academic lives. With lots of market requirement knowledge, choices and experience, these youths are now poised to evolve in India's modernizing and globalizing workforce, increase self-reliance and break the cycle of poverty.

How Skill Development Initiative works?

Every training provides students with 24 days of intensive instruction, starting from workforce basics and building to highly marketable, professional skills. Following a life-skills training on teamwork, resume writing, communication skills, and developing professional relationships, students choose to pursue skills in sales, retail, English, DTH engineering, and domestic business process outsourcing according to their aspirations during the second half of training.

SKILL DEVELOPEMNT INITIATIVE's IMPACT 2015-16

414

Children's rights are now secured due to certain income sent by their guardian to their home

683

Youths are ready to take off to a new journey of their life

471

Youths are having detailed knowledge to access all the govt. and market schemes of entrepreneurship

212

Youths were placed in corporate jobs. Partners were Burger King, KFC, CCD, Taj Hotel, Shopping Malls etc.

₹ 25440000

Rupees has been earned by the youths this year

'Swavlamban' Initiative

During the past year, 'Swavlamban' was primarily focused on providing best scientific techniques to decrease input cost, increase output cost, connect them with government schemes and provide them with RTI (Right to Information) tool to ensure their rights for best living condition by all means. In 2015-16 we plan to expand our scope to create a business model for each farmer. In its new avatar, 'Swavlamban' will focus on helping farmers with other sources of earning livelihood, one of the major source we will be promoting is the production of Bamboo & Banana Fruit and providing the financial networks and market access.

'Skill Development' Initiative

Last year, we promised to shrink the gender gap further with recruiting strategies that encourage women's participation and lower their barriers to entering the workforce with placements in the Skill Development Initiative, but the adversities that families are facing and the mindset that some communities have is a huge challenge that may take some time to overcome. Looking forward, we also hope to link with more corporate houses to upsurge the placement ratio and connect the tribal and forest communities to the employability options as they're still lacking behind employers' reach.

TRAFFICKING

“HR4” Initiative

From Helpline to Rescue, Restoration, Repatriation & Rehabilitation Protecting Our Future Programme

Why ‘HR4’ initiative?

Every year, an average of 44,476 children are reported missing in India. Out of these, an average of 5,452 are girl children and 11,008 children remain untraced. However, these kids are not just ‘missing’ – many of them have unfortunately been trafficked. Meanwhile, India itself has the sixth highest prevalence of child marriages in the world. South Asia is home to almost half (42 percent) of all child brides worldwide; India alone accounts for one-third of the global total. Some of the root causes we have observed is that children are not seen as individuals with rights. As a result:

- ▶ Children’s basic rights are abused and neglected.
- ▶ Children are the easiest targets for trafficking.
- ▶ Children are not involved in decisions affecting their life.
- ▶ Children are treated only as extensions of parents

HR4 aims to track the gap that leads the child to get trafficked, labored & married and break the roots founded, through interconnecting our different initiatives and strategical collaborations at District, State, National, and International level by connecting CBOs, NGOs, INGOs and Govt. Organizations on all the possible issues.

How ‘HR4’ works?

We have divided our child protection efforts into two major areas that attempts to be a perfect solution for the longer benefit of children. The endeavors of these 2 areas are achievable when we interlink some of our initiative with possible conditions.

1. Preventing violations of children’s rights.
2. Implementation of the Convention on the Rights of the Child and other relevant legal means of protecting children.

Micro Level

- ▶ We respond to all calls to the 1098 hotline 24 hours a day, 7 days a week. We immediately rescue children in need and connect them to medical help, shelter, and protection from abuse, or to counseling according to their need.
- ▶ We work with partner networks and Child Welfare Committees (CWCs) to rehabilitate and return children to their families, thoroughly documenting each child to ensure they reach home quickly and safely.

Track the causes like poverty, lack of knowledge about the child marriage consequences, anti-child environment in homes and if trafficking issues found, attempt to break the supply chain of the trafficker.

Anti-Trafficking Operation (24x7), Solution for roots of the protection in each's family & counselling of community with all the scopes of child-protection

Rehabilitation, Repatriation and Reintegration of children found in most vulnerable condition from across India & Nepal

- ▶ Through door-to-door contacts, open houses, and tent activities, we spread community awareness about child rights, and we educate families on how to handle trafficking or missing children.
- ▶ Regular children's meetings allow children to voice their concerns and ensure that systemic change serves the best needs of children.

Mezzo Level

- ▶ Our booth for lost children during Dargah Mela protects children from abductors and safely returns them to families
- ▶ City mapping of child rights violations highlights high-need areas for outreach and intervention
- ▶ Regional Child-Protection meetings improve staff capacity and share best practices across districts
- ▶ We coordinate with police, railways, Health and Labor departments, and other government or volunteer services to rescue children as far away as Andhra Pradesh and Tamil Nadu
- ▶ We work with state governments, local companies, district administration, village panchayats, community volunteer organizations, and academic institutions to create child-friendly systems

Macro Level

- ▶ We collect data on rescued and rehabilitated children for Govt.'s national database on child protection.
- ▶ We support national efforts to track missing children from as far away as Madhya Pradesh and Maharashtra.
- ▶ We catalyze the government, corporations, and volunteer agencies to bridge gaps in current programmes, improve the use of technology in child tracking and repatriation, and increase budgeting for child protective services
- ▶ We collaborate with the border countries like Nepal to prevent migrated trafficking
- ▶ We have placed child-friendly protection booths at each border area between India and Nepal with the partnership of Para-Military Forces.
- ▶ Apart from the above said interventions, DEHAT has also founded Indo-Nepal child protection forum (INCPF)

INCPF PLATFORM

Collective efforts for rescuing, rehabilitating, restoring and repatriating Nepali and Indian missing and trafficked children

Collaboration with UN agencies, Indian & Nepali CSOs and Government Stakeholders

Focused on Cross-Border Child Protection issues.
INCPF brings Governmental and Non-Governmental efforts together

Think Tank against evils of child rights

Collective efforts towards Preventing cross border bride and prostitution trafficking

INTERLINKED STRUCTURE OF HR⁴ WITH OTHER INITIATIVES

HR⁴ INITIATIVE's IMPACT 2015-16

105

Children has been safe returned to their families

13726

Persons were outreached through door-to-door contacts

06

Children were sponsored for a year to pursue their academic life

1265

Hours of one-to-one community contact

314

Children has been protected from sexual and various kind of abuses and sent to their home by counselling their families

What's next?

In the coming year, we plan to drive improvements towards more cost-efficient technologies for the child-protection development. We have come to understand that involving the young leaders from communities around the local, national and globe can bring a massive change to address the entire picture for resolving the child-protection issues. So furthermore, we will be focusing on mobilizing Change Makers in the communities who can lead the issues related to child-protection efforts to a long-term end. Also, we hope to connect more NGOs, INGOs and government networks across India & Nepal to reach the last hopes and address the policy makings at the central level.

INCOME AND GROWTH

90%

Fund raised through Domestic Sources

88%

Spent on Programmes

34%

Fund raised through Corporate Sources

This year, Foundation grants accounts for 65% of our total income in addition to corporate sponsorships which is 34%.

EXPENDITURE

93% of our total fund utilization went towards execution of our five major categories. Our funds go significantly to our programmes to increase quality of impact and the scale of our operations within our service areas. The complete audited financial statements are available on our website.

Admin vs Programme

Convergence

Apart from DEHAT's budget, we have leveraged ₹65,30,710 from Government schemes & ₹4,55,000 from communities as direct community benefits we are working with.

INTERNAL AUDIT

Conducted by an independent, external agency to ensure compliance with applicable regulations

BUDGETING & CONTROL

Budgets for every activity are submitted separately to the Donors and are monitored by Senior Level Management & Finance Team and implemented at least after two approvers.

REPORTING

We ensure monthly reviews of financial reports in order to identify errors and inconsistencies.

Accountability and Transparency

10B Report from Income Tax Department

FORM NO. 10B

[See rule 17B]

Audit report under section 12A(b) of the Income-tax Act, 1961, in the case of charitable or religious trusts or institutions

We have examined the balance sheet of **DEVELOPMENTAL ASSOCIATION FOR HUMAN ADVANCEMENT**, AAAAD3793Q [name and PAN of the trust or institution] as at **31/03/2016** and the Profit and loss account for the year ended on that date which are in agreement with the books of account maintained by the said trust or institution.

We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of the audit. In our opinion, proper books of account have been kept by the head office and the branches of the abovenamed institution visited by us so far as appears from our examination of the books, and proper Returns adequate for the purposes of audit have been received from branches not visited by us, subject to the comments given below:

The institution needs to keep on improving the documentation of evidences in support of utilization.

In our opinion and to the best of our information, and according to information given to us, the said accounts give a true and fair view-

(i) in the case of the balance sheet, of the state of affairs of the above named institution as at **31/03/2016** and

(ii) in the case of the profit and loss account, of the profit or loss of its accounting year ending on **31/03/2016**

The prescribed particulars are annexed hereto.

Revision/Original Original

As a grassroots level organization that impacts each children's life right from the scratch and not just walk in for a couple of years for the sake of project implementation and walk out after its completion, that rather focuses on the sustainability of each initiative and makes its effort on community driven models. Each of our initiative be at small or large scale, would not be possible without the help and support of the wonderful people and organizations who stay involved with us.

First and foremost, we must recognize all our amazing DEHATians - our dedicated community Volunteers and passionate team for the unwavering commitment that drives the change we want to see in the world.

We also owe our gratitude to all our givers from our Corporate Sponsors and Foundations to the Individual Donors who contributed so generously to help vulnerable children.

Much gratitude also goes to our NGO partners who have shared their knowledge with us, and to our strategic advisors for the time and effort they have put in to ensure that our impact keeps growing.

UPCOMING GOALS

Mission 2020

The Next 4 Year

We plan our aspirations of Mission 2020 in a way that ensures our preceding year's plans remains in line with our long term 'change making' goals. Over the next four years, we will lay foundation for making long-term systematic change in the following different ways:

- ▶ Research in each category of intervention to refocus on development of the beneficiaries at individual level.
- ▶ Introduce and reach our interventions to the global ideators for ideating our efforts in more innovative, scalable and meaningful way.
- ▶ Technology adoption to track each beneficiary as well each DEHATian's performance at organizational level.
- ▶ Initiate long-term livelihood options for the parents of champs so that their children can focus and enjoy the life they deserve.
- ▶ Create at least one mother caretaker-cum-health facilitator to each household especially for making healthy and prompt deliveries (for preventing neo-natal and deaths infant mortality) and regularize day to health hazards (for bringing change in daily sanitation practices and appropriate immunization precautions) where doctors or even ambulance are not in their reach.

Focus on upholding the quality of impact with significant reach. Expansion and interlinking of the programmes all together with the same communities so that we can transform individual's lives comprehensively with our delivery model.

Create a volunteer-base structure of workforce that can contribute to and attain the beneficiaries individually.

Partner with national and global expert organizations in each category of our programmes where we can either deploy their best experimented methodologies or support them to complete their puzzle with our own scalable delivery model.

Increase the effectiveness and efficiency of our operations & delivery and stabilize the funding for each initiative.

Re-structure the organization and make 'DEHATian World' at large.

Expand the dedicated team for researching outcomes and develop scalable tools to each category of initiatives.

Start improving transferability of methodologies, knowledge sharing and regional practices with other organization across the globe.

2016-17

HOW YOU CAN HELP

HERE'S THE DEAL FOLKS!

GEEKS

Are you any of the following?

- ▶ Content Editor
- ▶ Graphic Designer
- ▶ Blog Writer
- ▶ Application Developer
- ▶ Social Media Enthusiast
- ▶ Application Developer

Or someone just having good computer knowledge

If yes, do you want to utilize your skills to restore the basic rights of the children? Don't have time to travel or have a hectic home or work schedule?

Then worry not, DEHAT can be the best platform for you! We're here with a bunch of exciting options for volunteering us virtually. Contribute your valuable time and skills to bring lasting changes in the lives of underprivileged children at your own pace.

DEHAT's virtual volunteering options offers you flexibility in terms of space, time and location. Choose any option that suits your specialization! All you need is:

- ▶ A computer
- ▶ An internet connection
- ▶ Passion & dedication to make a difference

JOBSEEKER

Would you like to:

- ▶ Manage an organization that implements & supports numerous initiatives in the variety of categories.
- ▶ Initiate and negotiate strategic alliances with media, corporate brands, start-ups and joint ventures in key overseas markets
- ▶ Build, develop and motivate a team of professionals
- ▶ Strengthen government systems
- ▶ Mold the values of a new generation of Indians

If yes, at DEHAT you can do all this and more! Be a hand for the DEHAT family that stands for making lasting changes and benefitting millions of underprivileged children across remote and vulnerable rural areas of India. Use your professional skills with our numerous initiatives in categories like Child Protection, Education, Health and Livelihood.

FUNDRAISER

Are you any of the following?

- ▶ A grant or concept writer
- ▶ Expert at online crowdfunding platforms or at offline event organizing
- ▶ An individual dedicated towards giving back to the society

You can act on your conviction for DEHAT's initiatives. No matter where you are and what amount of time you want to dedicate, spread the wonderful world of DEHAT anywhere and anytime! Help us at mobilizing and raising funds for our numerous of initiatives in different project categories and restore the basic rights

of underprivileged children! All you need is:

- ▶ A computer
- ▶ An internet connection
- ▶ Passion & dedication to make a difference

HOW YOU CAN HELP

HERE'S THE DEAL CORPORATES!

Corporate Social Responsibility

Why partner with DEHAT?

We are transparent:

All of DEHAT's financials are openly accessible to the public. As an organization, we are mandated to carry out an annual external financial audit.

We care about your resources:

We manage and monitor our projects in a strict manner to not only ensure the efficient utilization of funds, but also to make them effective and lasting for the beneficiary. Additionally, our projects are regularly assessed by professionals to measure the gaps between the benchmarked plan and actual progress. Meetings with project staff, parents, children and community groups begins from the implementation areas itself and enables us to apply our management process towards the projects.

We reach out to what's usually ignored:

Focusing on mobilization and empowerment of the communities enables us to access to the root causes of the developmental issues (such as non-functioning government schools, unemployment of parents, non-operational healthcare centers, child & human trafficking) which keep children away from their rights. We are dedicated to creating sustainable change.

Partnering with DEHAT enables you:

- ▶ To be a part of an endeavor that makes lasting changes
- ▶ To heighten your brand image and makes your organization a socially conscious element in the grassroots communities
- ▶ To give employees the chance to make a difference

DEHAT IS A PLATFORM WHERE YOU CAN CHOOSE FROM A HUGE RANGE OF PROJECTS THAT SUITS YOUR ORGANIZATIONAL GOALS.

Be it at Education, Livelihood, Health, Child Protection, or Women Empowerment at DEHAT, success in each category is required to see a lasting change for children.

For more information on partnering options with DEHAT, visit DEHAT's Help page on the website or to meet a DEHAT representative, please contact the DEHAT head office or write to us at joinus@dehatindia.org.

Child Marriage is one of a reason that has been a constant obstacle between who I am and who I want to be. I urge men and women of my village to come together and stop this rotting cause to our society.

-Roshan Jahan

SWADHYAYA INITIATIVE

prograi

Dear Friends,

Greetings from DEHAT family! Yet another year got passed away and here I am, writing the message again with a bunch of new happenings, ups and downs.

The task of comprehensive rural development is one that presents a mountain of challenges all at once, as each piece of the solution overlaps with and strengthens the others. These challenges range from ones of health and nutrition, to education and empowerment, to farming and livelihood, down to the basic protections of security and well being for the most vulnerable among us. As we continue our work for a just, empowered, and egalitarian society, it is a good idea to pause and reflect on all we have managed to achieve, as well as on all that remains to be done.

In this 18th Annual Report of DEHAT: Developmental Association for Human Advancement, we are proud to present our accomplishments for the 2017-2018 year. Our efforts are recognized and accredited by the TISS National CSR Hub. Moreover, our donors are now highly aligned with our initiatives thematically.

These new ventures, and those that continue from past years, all support the guiding philosophy of DEHAT—one that found its beginnings in a group of young activists seeking betterment for Tharu tribal forest villagers, and that continues today as we work tirelessly on behalf of the deprived and underprivileged. We firmly believe that sustainable development can only take place when rural communities are empowered to take an active part in their own development. Long-term prosperity cannot depend on aid and expertise from the outside; it must originate from local masses standing up with the knowledge and power to ensure the realization of their rights, for themselves and for their children.

Children, truly, are the centre of this mission. They are not only our most vulnerable members of society today; they are the inheritors and the future that society in years to come. Only when we can ensure the survival, development, protection, and full participation of all children can we hope to make meaningful development happen in rural India.

Our achievements and progress rest on the actions of many; our unity is what makes us strong. For their dedication and commitment, I want to thank our social activists and volunteers across all our programmes and initiatives. For their support and guidance, I want to thank our donor agencies, partner organization, and bankers—without them, none of this work would be possible. And finally, I want to thank the communities where we work for their cooperation and shared hope for a better future. It is for them alone that we continue into the years to come.

This report, I hope, will spread and strengthen the activism of DEHAT and its many supporters. A day when all children can enjoy the fullest realization of their rights, we believe, draws nearer every year.

MESSAGE

From Founder's
Desk

Jitendra Chaturvedi

Chief Executive

THE STORY OF DEHAT

Because every child matters... ”

Founded by Dr. Jitendra Chaturvedi with some rural youths as a school for tribal children in Bahraich district of Uttar Pradesh.

The school has now recognized by the government after 11 years of Forest Rights Expedition 'Azadi'.

2000

THE ESTABLISHMENT

THE FOUNDATION

2001-04

- ▶ Began with Health, Hygiene and Sanitation activities in 5 villages
- ▶ Later, commenced vocational education for the development of youth
- ▶ In 2003, Management of the school transferred to the community
- ▶ Conducted a study on the 'Livelihood Conditions of Traditional Forest Dwellers' in 34 villages of Bahraich District and mainstreamed 991 families from not being a citizen of the country to a govt. scheme equipped community.

- ▶ Established first office, started the first formal project called *Lokshakti* in 54 villages focused on Women Empowerment, Human Rights and Poverty alleviation (a DFID initiative)
- ▶ Increased Intervention area to 73 villages
- ▶ Commenced the Rural Entrepreneurship Development Project in the same operational areas
- ▶ Commenced the 'Sure Start Project'. (Maternal & Child Health Initiative) in 295 villages, increasing DEHAT's presence to over more than 300 villages.
- ▶ Launched a Bridge Course Education program in partnership with the UP Government in the existing intervention villages.

2004-08

THE BEGINNING

- ▶ Revised its Vision, Mission & Theory of Change to focus on child rights through all the interventions
- ▶ Strategized the initiatives in 4 Categories:
 1. Education/Empowerment
 2. Livelihood/Food Security
 3. Health/Hygiene/Sanitation
 4. Child Protection
- ▶ DEHAT won a national award- Manjunath Shanmugam Integrity Award by the International Alumni of Indian Institute of Management-IIM

2008-12

THE REVISION & STRATEGIZATION

THE COLLABORATIONS

2012-16

- ▶ Launched a Malnutrition Project in 675 villages of 7 districts in partnership with UNICEF under Health Category.
- ▶ Launched Childline 1098 to launch protective services to prevent sex trafficking in its intervention areas under Child Protection Category
- ▶ Won the India NGO Award, which has been given by the Rockefeller Foundation and the Resource Alliance
- ▶ Launched 60 doorstep education centers under a Rural Girl Child Education Project in collaboration with IIMPACT-an IIM alumni organization under Education Category.

2011-14

THE RECOGNITIONS

- ▶ Launched a project on child protection in collaboration with UNICEF.
- ▶ The CEO won the Social Bravery Award (2012) by SONY Entertainment Network
- ▶ DEHAT has been honored with Dasra Girls Power Award for its Girl Child Education Initiative.
- ▶ Launched 'Swavlamban' initiative in collaboration with TATA TRUSTS under livelihood category for farmers having less than average land holdings in Bahraich District.
- ▶ Expanded to Amethi District and launched integrated community development program in collaboration with ACC Cements.

2014-18

- ▶ Our community leaders won awards from Uttar Pradesh's CM and President of India.
- ▶ DEHAT has won various prestigious awards like Social Enterprise of the Year, World Congress CSR Awards, NGO of the year awards by the IICR and Karunya University etc.
- ▶ Likely to partner with various theme based organizations by the end of the year.

THE GROWTH

WHERE WE BEGUN

DEHAT (Developmental Association for Human Advancement) begun in 1989 with a group of young activists from the district of Bahraich in Uttar Pradesh. The Planning Commission has identified Bahraich as one of the 100 most backward districts of India. For ten years, DEHAT served as a youth group by operating a school for 'Tharu' tribal villagers and forest dwelling children, until being registered under the Society Registration Act 1860 on the 21st of August 2000.

AND SINCE THEN...

DEHAT has worked in conjunction with partners worldwide to empower and advocate for the most vulnerable and disadvantaged among us. We firmly believe that sustainable development can only take place when all children are assured of their survival, protection, and full participation in the development process. The 1990 United Nations Convention on the Rights of the Child established a comprehensive set of rights for all children, and our work stands to translate those policies into on-the-ground practice. Through focused intervention that builds local capacity and empowers all sections of society, we hope to move towards a world where children enjoy the full range of their rights and opportunities.

A child is first and foremost affected by his or her direct surroundings—family, neighborhood, school, and friends most immediately shape the course of that child's life. With that understanding in mind, DEHAT takes a holistic approach to activism that brings together education, maternal and child health, female literacy and empowerment, protection against human trafficking, farming and livelihood practices, and community building into a comprehensive solution for the problems faced by children in our target communities. And recognizing that those issues exist in a broader social context, we pair grassroots activism with political advocacy, community mobilization, and struggles for legal rights and their full realization. Thus, all our activities—whether at the level of national policymaking or local farming demonstrations—returns to serve the interests of children, especially those in the marginalized and oppressed sections of our society.

Vision

A child centered
society in which all
children enjoy the
fullest scope of
their rights

Theory of
Change

If children are assured of
their survival, protection
and participation in the
development process,
only then can a society
achieve sustainable
development

Mission

To empower the
deprived and
underprivileged
sections of society in
order to ensure the
basic rights of
children

THIS IS HOW WE HELP

OUR INTERVENTIONS REVOLVES AROUND...

BEHAVIOR CHANGE

Communities in “hard to reach” areas are deprived of quality information, education, training and exposure. Due to limited awareness opportunities, they follow many traditional practices which can be harmful for their quality of life. At DEHAT, we are committed to helping a community changes and its behavior in a way that improves the people’s quality of life.

DEMAND GENERATION

Numerous government programs, schemes and acts are in place, but due to lack of awareness they are still out of reach to the eligible communities, especially marginalized peoples. We are committed to make sure that everyone in our communities are aware of the government’s actions which might improve their quality of life or infringe upon their basic rights.

SYSTEM STRENGTHENING

DEHAT feels that some government programs are not able to completely benefit the target groups because the community support is weak. Further, government programs may have poor results due to lack of knowledge about them. Henceforth, we are committed to strengthening the government systems working for the welfare and development of its communities through generating community support, capacity building, and awareness campaigns about programs, schemes and acts

PROVIDING SERVICES

DEHAT believes that any organization cannot be an alternate to the government, and a welfare-state system the government is responsible for all kind of services. Due to this belief, we always empower communities to raise demands of their needs. DEHAT observes in some cases that government support for suffering communities is taking too long. Parallel to the demands, DEHAT is committed providing its services to the community until the realization of government support.

Despite India's promise to ensure certain rights for children, huge challenges remain before the promises are realized. We firmly believe that sustainable development can only be achieved when all children are assured of their survival, development, protection, and full participation in the decision-making process. Through our work, we hope to move towards a world where children enjoy the full range of their rights and opportunities. Below is a summary of how DEHAT approaches this issue and how it is helping children in India and slowly achieving a child-friendly and youth-enabling society.

RIGHTS BASED APPROACH

RIGHT TO SURVIVAL

RIGHT TO DEVELOPMENT

RIGHT TO PROTECTION

RIGHT TO PARTICIPATION

Initiative Categories Involved:

- ▶ Health
- ▶ Women & Adolescents Education

Activities Involved:

- ▶ Community initiatives to strengthen existing government health care systems.
- ▶ Community's education on maternal and child health.
- ▶ Epidemic control and vaccination promotion.
- ▶ Promotion of sanitation practices (also includes bamboo made eco-friendly toilets).
- ▶ Nutritional counselling and education.

Initiative Categories Involved:

- ▶ Education
- ▶ Livelihood

Activities Involved:

- ▶ Establishment of alternative education centers for school dropouts and non-attendees (especially girls).
- ▶ Enrolment campaigns to mainstream children in government schools.
- ▶ Promotion of agricultural & Skill Development practices to ensure food security & stable income for the family.
- ▶ Refurbishment of Government Schools in order to make sure positive influence of student's attitude and increase the rate of active enrolments.

Initiative Categories Involved:

- ▶ Advocacy
- ▶ Child Protection

Activities Involved:

- ▶ Tracking of missing children through Childline hotline & Grassroots level child-protection organization's network across Indo-Nepal Border in UP.
- ▶ Rescue, Restoration, Repatriation & Rehabilitation of children, found missing or in vulnerable condition.
- ▶ Community education to prevent human trafficking and domestic violence.
- ▶ Formation of Community Based Organizations

Initiative Categories Involved:

- ▶ Education

Activities Involved:

- ▶ Formation of Children's Groups like 'Bal Adhikar Manch' (Child Rights Forum).
- ▶ Ensuring participation of elected child leaders in community meetings.
- ▶ Organization of folk art and theater performances by children for the benefit of their own communities.
- ▶ Teaching process through trained Girl-Child Student Teachers.

APPROACH

**TO GIVE A CHILD
DESERVING LIFE...**

THE SUSTAINABLE DEVELOPEMNT GOAL CONETXT

- ▶ Teaching scientific techniques and innovative methods to the small or less than average land holding farmers with an objective of Decreasing Input Cost, Increasing Production, connecting to the Financial Networks and let them take Full advantage of Government Schemes.

- ▶ Contextually Oriented Rural Skill Development Programmes

1 NO POVERTY

- ▶ Food Security to small or less than average land holding farmers and their families by proving them training on growing 100% organic and nourishing food in their accessible farms
- ▶ Uplifting the livelihood of Farmers, Rural Youths from our 'Swavlamban' and Rural Skill Development Program (for men and women)

2 ZERO HUNGER

- ▶ Regular Health Check-ups to the deprived areas
- ▶ Maternal and Child Health Care
- ▶ Community's Education and mind-set changing exercise on traditional or harmful practices they follow due to unawareness of pros and cons of those practices
- ▶ Straightening government's grassroots level health care system by proving trainings or knowledge events

3 GOOD HEALTH AND WELL-BEING

4 QUALITY EDUCATION

- ▶ Providing free of cost education upto primary level education to rural children in community donated spaces (40 Girl's Education & 60 Co-ed centers)
- ▶ Rejuvenating the Government Schools on the Building as Learning Aid concept for deprived children as no other no other alternate is left for them
- ▶ Changing community's mind-set on pros and cons about their perception on sending their children for education

5 GENDER EQUALITY

- ▶ Serving the communities with no discrimination in anyway
- ▶ Changing community's mind-set on pros and cons about their perception on sending their girls for education and awaking them about the consequence

10 REDUCED INEQUALITIES

7 AFFORDABLE AND CLEAN ENERGY

- ▶ Farming practices that we are promoting is based on Natural Resource Management concepts
- ▶ Be it at children's regular evening study schedule or pumping water in the farmer's fields, we are promoting solar technologies across our initiatives

DEHAT monitors its impact on both macro- and micro- levels. We design and implement our programmes specifically to target the impact we strive to make. We form enable, educate, and empower Community Based Organizations (CBOs) at grassroots level to monitor all our services as we believe that by putting a crystal-clear picture of the projects in front of the beneficiaries, they can better scale what they are availing. Let's have a look over our systems or tools that makes us capable to measure our impacts at significant level.

► **MANAGEMENT INFORMATION SYSTEM:**

MIS systems have been developed at the grassroots level, which is maintained by the Community Level Workers [CLWs] at village level, compiled by the "Field Coordinators" at cluster level and then compiled at project level by MIS Officers and validated by Project Coordinators. This system has all kind of data and detailed information regarding the activities executed at grassroots level. The organization level MIS is compiled and maintained on the basis of grassroots level MIS system.

► **MONTHLY DATA REPORT:**

The monthly data report is compiled on the basis of MIS and submitted by the Field/Project Coordinators on monthly basis

► **FORTNIGHTLY AND MONTHLY MEETINGS OF STAFF:**

In these meetings, all the team members share their findings, present the reports, and plan accordingly

► **MONTHLY CORE COMMITTEE REVIEW AND PLANNING MEETING:**

In the presence of Chief Executive, all the Project Leaders along with one team member (From Second Line), organize core committee meetings every month. In this meeting, each Project Leader/Coordinator presents monthly progress report and plan for next month in PowerPoint form followed by question-answer sessions. This process helps to develop the best understanding of each project team on organization's progress in total.

We approach development in a way that is holistic, targeted and local. By keeping our initiative's scope intense, we can involve in the communities we work with deeply. We can then address the complex and interconnected problems of education, health, poverty, protection and empowerment together for sustainable long-term progress. Our dedicated team aims to identify the real drivers behind negative outcomes and create sustainable and effective solutions to address them.

The Monitoring...

Every new day

Daily Task Sitting, is one of the method that allows to brief yesterday's challenges and plan the tasks for today. Later, team moves with task checklist

Our work in the very hard-to-reach areas in India has been recognized by eminent people around the world, including Global NGO Awards by The Resource Alliance, UK who shortlisted us as First Runner-up among the top 5 organizations from all around the world. We have also consistently won awards for excellence, including:

2015

THE FEATURED SOCIAL ENTERPRISE OF THE YEAR

DEHAT has been honored as Social Enterprise of the Year 2015 at 'Manch' Summit 2015 for its outstanding replicable model of Crop Intensification Systems among the farmers having less than average land holdings. 'Manch' is a Social Entrepreneurship summit which is organized by Uttar Pradesh Government to identify impactful social enterprises from across the country.

2011

THE GLOBAL NGO AWARDS

DEHAT was one among the five voluntary organizations (Water Aid UK, Ashi Naga-Japan, Head Strong- Ireland, Living Earth-Uganda and DEHAT from India) shortlisted at International level for Global Awards 2011. These organizations were shortlisted from the National winners of NGO Awards given by The Resource Alliance-UK

2009

MANJUNATH SHANMUGAM INTEGRITY AWARDS

The 'Manjunath Shanmugam National Integrity Award-2009' was given to 'DEHAT' for its integrity, commitment and efforts against corruption, by the Manjunath Shanmugam Trust IIM-Bangalore. The MST is an International IIM alumnus's initiative in memory of Manjunath Shanmugam-an alumnus of IIM-Lucknow and an Indian Oil Corporation officer, who was murdered while working against oil adulteration.

2016

THE WORLD CSR CONGRESS's 'CERTIFICATE OF MERIT'

On 18th February, 2016, DEHAT has been conferred with The 'Certificate of Merit' in the category of Social Cause and Empowerment at 'India's Most Ethical Companies Conference and Awards'. The Award have been instituted by the 5th Edition of World CSR Congress, and recognize impact on the way business is conducted in a socially responsible way by fostering a culture of ethics and culture. A total number of 123 countries from across the Globe has participated at the Congress.

2014

THE DASRA GIRLS POWER AWARD

DEHAT was honored as finalist for "Education" category and the citation was given by Ms. Kavita Ramdas-The Asia Chief of Ford Foundation among 6 leading organizations from India. The Dasra Girls Power Awards recognizes impactful and innovative programs that work with adolescent girls in three distinct areas of interventions –Health, Education and Life Skills.

2010

INDIA NGO AWARDS

DEHAT is one among the four non-govt. organizations in the country, who are awarded with India NGO Award-2010 (NGO of the Year). The Resource Alliance in association with the Rockefeller Foundation gives this prestigious award. India NGO Awards are the most coveted awards to honor NGOs adopting good standards and practices during implementation of their programmes. The organizations were shortlisted on the basis of highest standards of resource mobilization, accountability and transparency.

This award has been given by Honorable Chief Minister of UP Mr. Akhilesh Yadav.

2016

#100 WOMEN ACHEIEVERS AWARDS (FACEBOOK & MCWD, GOVERNMENT OF INDIA'S JOINT EFFORT)

On 22nd January 2016, #100WomenAchievers Award has been awarded to Mrs. Bhanumati by Dr. Pranab Mukharjee- The Honorable President of India and Menka Gandhi- Honorable Women & Child Development Minister. She's been awarded for her incredible leadership while DEHAT's forest rights (Azaadi) Movement (started in 2003) for 8 forest dwelling villages, which is now officially recognized as Revenue Villages and enjoying all The Government Schemes after 147 years of Neglect and Abuse.

2015

SWAYAM AWARDS FOR EMPOWERING WOMEN

On 2nd December 2015, Swayam Awards-2015 has been awarded to 12 adolescents from across Uttar Pradesh by Mr. Akhilesh Yadav- The Honorable Chief Minister of Uttar Pradesh with presence of Mahesh Bhatt (Director in Bollywood) & Anshu Gupta (Ramon Magsaysay Awardee). Rekha, Gulaicha (Adolescents) and Ms. Sunita Chakravarty (Woman Education Volunteer) got this award for their incredible & empowered contributions in their communities. Three of them are from DEHAT's 'Swadhyaya'-Rural Girl Child Education Programme, Child Rights Forum/Parliament and Mahila Adhikar Manch.

2006

NIRMAL GRAM PURASKAR

On 23rd March, 2006, Dr. A.P.J. Abdul Kalaam-The Honorable President of India has awarded Nirmal Gram Puraskar to the Gram Panchayat Shahpur Jot Yusuf of Chittaura block of Bahraich district, which was adopted under DEHAT's Lokshakti program.

GIRL CHILDREN WERE MARRIED BETWEEN 3-18

MORE THAN 92% CHILDREN ARE FROM SOCIALLY EXCLUDED GROUPS

MORE THAN 85% OF CHILDREN WERE CHILD LABORS

FEMALE LITERACY RATE ARE FAR TOO LOW THAN U.P. AND INDIA IN OUR INTERVENTION AREA

Why ‘Swadhyaya’ Initiative?

Girl Champs who are born in “hard-to-reach” demographics, where facilities like schools are at least more than 2-3 miles far from their households and a society where they have been declared as “Socially Excluded Groups” which nearly implies the end of their hopes. Meanwhile, in day-to-day life, Girl Champs are often denied of their Rights of Participation, Development & Protection. Furthermore, the community’s mindset is limited upto offering more and more opportunities to their boys as he can help them to earn their livelihood and denying the hopes and desires of their Girl Champs. In their eyes, she can only be the core helper for their housekeeping work and later in the huge responsibility of her marriage (Parents were accustomed to marrying their Girl Child even earlier than 13). If we combine these problems together, we can have a better idea what can be the consequences of this wretched situation all together. Girl Champs, while fighting for their basic rights in their lives, can rarely get the opportunities to relax, wonder and simply enjoy themselves while learning more about the world they live in. There is a marked lack of encouragement, inspiration and awareness of the multitude of possibilities that await them in society. We believe that Champ’s demographics cannot be the indication for her destiny. Every champ deserves a chance to experience a whole new life, filled with opportunities to take full advantage of themselves and learn new things while building self-confidence. This belief is what inspired us to create the “Swadhyaya” Initiative.

How ‘Swadhyaya’ works?

DEHAT’s Rural Girl Child Education Initiative seeks to bring free of cost quality primary education to villages where girls’ education is otherwise forgotten or ignored. We operate alternative learning centers where girls from 1st to 5th class learn subjects including Math, Hindi, Science, and English, as well as important knowledge about nutrition, adolescent health, and their rights. These learning centers are also a safe space for girls in these villages, where they can receive counseling against the harms of child marriage or child labor and seek support of their teachers to oppose violations of children’s rights. Through these learning centres and organizations of parents, teachers, and community leaders, we hope to empower both the girls studying in our schools and to expand opportunities for these women long into the future. The unique side of this program is that all the centers are operated in “Community Donated Spaces” and also managed by a committee constituted by the community.

Through Project ‘Swadhyaya’ we not only educate our Girl Champs to the limits of ABCD and writing their names, but we often provide an incredibly innovative environment, which not only allows them to get a primary-level education but also develop themselves in a setting where they can show-up their talents like singing, drawing, creating rhymes and writing poems, etc. Meanwhile, since it is a core programme for adolescent groups, we offer to them participation in the dialogues in and interactions with issues like Reproductive Health Rights, the consequences of Girl Child Marriages, Trafficking Hurdles in different entertaining ways. These may become challenges in their lives due to extreme poverty. The only thing which allows us to achieve these ‘CHANGES’ is Community’s Behavior Change. Project ‘Swa-Adhyaya’ is something different that we have introduced to take up these challenges in an incredibly new way. We have not bounded our teachers to the classrooms but also have involved them in door-to-door counseling of parents of the Swa-Adhyaya Girl Champs.

Girls Empowerment through Education and Training and Training “GEETA” Initiative Educating, Enabling & Empowering the Rural Girl Champs (E³GC) Programme

Why ‘GEETA’ Initiative?

The area is located in a dense forested area, which is far from the district headquarter and hence it lacks proper development. The area is not well monitored by the government and hence the progress of the development schemes to the village is slow. Due to the long distance, no proper health network and infrastructure is available. The village lacks basic amenities, no school is available and hence the teachers working in the area are not motivated properly by the government and hence the school is demoralized. Due to the above reason, the schools are not able to provide the education to teachers and children are the ultimate sufferers. To educate these tribal children, there are only 16 teachers including 6 para teachers. Out of these only 4 teachers are female. Hence the people teacher ratio in these schools are 1:162 for the total. If we consider the female students and teacher ratio, it's 1:336. This ratio indicates that against high school norms, this is almost more than 5 times. There are no innovations in teaching method in schools. The school environment is not so pleasant and helpful for joyful learning. The education quality and level of learning is so severe due to the above mentioned reasons, hence the state of children is in the dark and demanding immediate action. All the schools are not following the teaching learning aids. School Management Committees constituted under the RTE Act provisions are defunct due to lack of proper training and sensitization. Right to Education Act has created a good scope for community engagements and advocate the issues of schools and therefore, we came up with GEETA initiative which will target tribal and Schedule Tribe population.

“Alternative Pathshaala” Initiative

Educating, Enabling & Empowering the Rural Girl Champs (E³GC) Programme

Why ‘Alternative Pathshaala’ Initiative?

At DEHAT, we believe that dream and a true passion is the only material that can produce an incredible personality. It does not matter where they grew up or what their financial background is. What matters is that their true choice came from their interests and passions. While working with rural champs in different educational scopes, we found that as they progress through schools, there was a huge gap between their projected academic performances and actual performances. Also, one of the major reason for these performances was the teacher-student ratio at Govt. Schools, which is often far beyond imagination, e.g., 169:1 in some cases. Meanwhile, lack of awareness, confidence and exploration of the long career and life choices could not match the dreams of Champs. These flaws and lack of inspiring and supportive social environments for Girl Champs is what the ‘Alternative Pathshaala’ addresses.

How ‘Alternative Pathshaala’ works?

Alternative Pathshaalas strives to bridge the gap between all the opportunities, choices and overall academic development progress in the Champs’ lives. Alternative Paathshaalas works exclusively with champs in 6-10 Grades. Along with providing all the tech-ticks of passing boards exam with distiction, we provide them exposure to various career options and enable them to understand what there true strengths and potentials are. We include our very own training module to train Pathshaala’s teachers and include some of the top notch local resource person to accomplish the benchmarks we set every year.

ALTERNATIVE PATHSHAALA ADDRESSES

250

Champs of 6th to 12th std. have learnt the very basic of Internet and Office Package so far

Why ‘SPICE’ Initiative?

SPICE stands for School Premises for Innovative & Creative Education. Believing that Govt. Schools are the only alternate for poor and deprived children. We have initiated this project to let the children:

- ▶ Understand the physical world around them
- ▶ Comprehend the passage of time in their Daily Life
- ▶ Grasp Tech-Ticks to deal with numbers
- ▶ Get different ways of interacting with language
- ▶ Involve with Doing and Learning Acts
- ▶ Enabled with Fun & Learning concepts
- ▶ Making the nature of Government school's components as inviting for children instrument.

How ‘SPICE’ works?

School buildings are meant for children. They are designed for them. And yet somehow they do not relate to them in a holistic way. Each component of the school is somehow conceived in isolation with little consideration about what the child is finally going to experience as a whole. “SPICE” is all about making the building components an active facilitator in the whole process of teaching-learning (which is the primary function of the school) for children and teachers (who are the primary users). It is an innovative way to conceive of and use the various building components like the floor, wall, door, window or even spaces like corridor and open space in such a way that it also helps children and teachers in the process of teaching—learning apart from serving their usual function. Thus, in a school that has been conceived like this, a floor may no longer be just a floor but a way to understand fractions or window might become more than a usual window and let a child prepare for skills in writing Hindi alphabets, or a sensitively designed corridor could help children to correctly estimate distances.

SPICE ADDRESSES

Library and quality books in each SPICE adopted Schools

Rejuvenation of Primary level schools and increase in the retention rate through various interventions including SPICE approach

Govt. teacher's training to track each child's progress on Day to Day basis

Infant Mortality Rate

Maternal Mortality Rate

Institutional Deliveries

Under Five Mortality Rate

Why ‘Light a Life’ Initiative?

In India, 900 thousand newborn infants are dying each year. This means more than one child is dying every minute. Over 55% of children under the age of two do not receive comprehensive routine immunization in India. Approximately 2.7 million children under the age of five receive no treatment for diarrhea, one of the major causes of childhood mortality. Of 25 developing countries, India has the highest number of children who do not receive even the most basic of healthcare services. Undernutrition, respiratory infections, lack of immunization and poor healthcare facilities are the underlying causes of these newborn deaths.

We at DEHAT are committed to providing robust health and nutrition programs that save most lives of the children and ensure that they grow up healthy. We work to improve health and nutrition of mothers, newborn babies, and children with special attention to poor and vulnerable communities such as adolescent girls. We work in hard-to-reach and impoverished communities, as well as with families hit hard by natural disasters and conflict.

How ‘Light a Life’ works?

‘LIGHT A LIFE’ BRINGS SEVEN AREAS OF MATERNAL & CHILD HEALTH AT ONE PLATFORM

Newborn Health

Child Survival

Child Marriage

Maternal and Reproductive Health

Regular Major and Minor Health Check-ups

Adolescent Health

Sanitation

Nutrition

Three Game-Changing techniques and its activities-

Behavior Change

We work intensively with communities on behavioral change in traditional practices related to community health.

- ▶ Promoting institutional deliveries, thermal care, five cleans (in the case of home deliveries), early initiation of colostrum feeding within one hour of birth, exclusive breastfeeding up to 6 months, infant and young child feeding practices, hand washing and using iodized salt are some key areas of interventions.
- ▶ Celebration of “World Breast Feeding Week”, “World New-born Care Week”, World AIDS Day and other important health days.
- ▶ Facilitation of Games, Puzzle, Dari, weighing machines, pre-education charts and kits, books, health, and hygiene kits etc. for Anganwadi centers.

Demand Generation

We have realized that existing government services are in place and sometimes even at the doorstep but communities are not aware of them. Due to this, the community demand is weak.

- ▶ Intensive efforts towards community’s demand generation by making them aware of need of immunizations, importance of institutional deliveries, benefits of government health and nutrition schemes like Integrated Child Development Schemes-ICDS (Popular as ‘Anganwadi’), JSY (Janani Suraksha Yojna), JSSK (Janani Shishu Suraksha Karyakram), National Immunization Program, Family Planning Services, Health Insurance Schemes etc.
- ▶ Organizing interface programs between community and government healthcare providers.
- ▶ Celebration of ‘Baal Swasthya Poshan Mah’-BSPM (Child Health Nutrition Month)” which is organized during June and December for providing vitamin-A drops along with other health and nutrition services, “Village Health and Nutrition Day-VHND” in each Gram Panchayat, “Weekly Health and Nutrition Day” at ICDS Centre level and other opportunities.

System Strengthening

We always support government efforts to improve health status.

- ▶ Strengthening the government systems through capacity-building and handholding at the grassroots level and ensuring community participation.
- ▶ Support of government frontline programs, participatory planning, awareness generation about schemes and community-led advocacy.

Furthermore, here's how we interlink our Livelihood & Education Initiative to 'Light a life'...

LIGHT A LIFE

IMPACT 2017-18

11

Anganwadis have been benefitted from Light a Life and now strengthening 100s of families

3470

Adolescents Girls & their parents counseled about basic Health & Hygiene practices as well as the consequences of childhood marriages

1564

Infants and Newborn lives saved

What's next now?

'Light a Life' will continue to expand our efforts for people's health and for making people 'Healthy Wealthy & Wise'. Up to date we have converted 31 villages into 'model villages' on the basis of child health and nutrition indicators, benefited over more than 50,000 mothers directly and indirectly, more than 16,000 adolescent girls impacted directly. Infants and children of these mothers are also having rich care. While there is much to celebrate, there is more to be done. Our focus for next year will be on increasing infant's registration, creating health leaders in communities, making emergency services for prompt deliveries, training mothers to take care of deliveries and ante & post-natal cares even at the households if there is absence of medical facility. Meanwhile, some of the very hard-to-reach area is still left of 'Light a Life' initiative, where it is most needed. The expansion of this project is expected to launch in near time.

More than 73% farmers & youths were having no market access

More than 85% were not in a position to ensure their children's right

More than 79% of our farmers were from BPL and having less than average land holdings or depending on other's land

Enabling The Generations Programme

Why ‘Swavlamban’ Initiative?

How ‘Swavlamban’ works?

SWAVLAMBAN BRINGS 6 METHODS AT ONE PLATFORM

This is

how

we do it...

SWAVLAMBAN IMPACT 2017-18

100%

Reduction in migration and trafficking rate

1340

Regt. on the govt. agriculture website now able to avail Govt. schemes

5450

Inspired to take up their farming in Swavlambi way and their families and children are now enjoying their rights

100%

Families who were engaged in illegal liquor making are now turned towards DEHATs innovations and village got liquor free

90%

Reduction in the losses by wild animals by using Subabool & Bamboo plantation

₹ 15852900

Banana farmers are currently gaining per acre net profit on an average which includes extra income of ₹64731 of extra income through multi-layer farming

What's Next?

During the past year, 'Swavlamban' was primarily focused on providing best scientific techniques to decrease input cost, increase output cost, connect them with government schemes and provide them with RTI (Right to Information) tool to ensure their rights for best living condition by all means. In 2015-16 we plan to expand our scope to create a business model for each farmer. In its new avatar, 'Swavlamban' will focus on helping farmers with other sources of earning livelihood, one of the major source we will be promoting is the production of Bamboo & Banana Fruit and providing the financial networks and market access.

Gram Panchayat Development Plan

Resource Group Training

Gram Panchayats have been mandated for the preparation of Gram Panchayat Development Plan (GPDP) for economic development and social justice utilizing the resources available to them. The GPDP planning process has to be comprehensive and based on participatory process which involves the full convergence with Schemes of all related Central Ministries / Line Departments related to 29 subjects enlisted in the Eleventh Schedule of the Constitution. Panchayats have a significant role to play in the effective and efficient implementation of flagship schemes on subjects of National Importance for transformation of rural India. The People's Plan Campaign will commence from 2nd October to 31st December, 2018 for preparing GPDP for 2019-20. The campaign initiated under "Sabki Yojana Sabka Vikas" will be an intensive and structured exercise for planning at Gram Sabha through convergence between Panchayati Raj Institutions (PRIs) and concerned Line Departments of the State.

DEHAT has partnered with UNICEF and Government of Uttar Pradesh's Directorate of Panchayati Raj to provide quality training to selected District Resource Group Member.

Summarized from Accounts Audited by M/s Vipin Priyank Gopal & Co.

As a grassroots level organization that impacts each children's life right from the scratch and not just walk in for a couple of years for the sake of project implementation and walk out after its completion, that rather focuses on the sustainability of each initiative and makes its effort on community driven models. Each of our initiative be at small or large scale, would not be possible without the help and support of the wonderful people and organizations who stay involved with us.

First and foremost, we must recognize all our amazing DEHATians - our dedicated community Volunteers and passionate team for the unwavering commitment that drives the change we want to see in the world.

We also owe our gratitude to all our givers from our Corporate Sponsors and Foundations to the Individual Donors who contributed so generously to help vulnerable children.

Much gratitude also goes to our NGO partners who have shared their knowledge with us, and to our strategic advisors for the time and effort they have put in to ensure that our impact keeps growing.

The Next 2 Year

We plan our aspirations of Mission 2020 in a way that ensures our preceding year's plans remains in line with our long term 'change making' goals. Over the next four years, we will lay foundation for making long-term systematic change in the following different ways:

- ▶ Research in each category of intervention to refocus on development of the beneficiaries at individual level.
- ▶ Introduce and reach our interventions to the global ideators for ideating our efforts in more innovative, scalable and meaningful way.
- ▶ Technology adoption to track each beneficiary as well each DEHATian's performance at organizational level.
- ▶ Initiate long-term livelihood options for the parents of champs so that their children can focus and enjoy the life they deserve.
- ▶ Create at least one mother caretaker-cum-health facilitator to each household especially for making healthy and prompt deliveries (for preventing neo-natal and deaths infant mortality) and regularize day to health hazards (for bringing change in daily sanitation practices and appropriate immunization precautions) where doctors or even ambulance are not in their reach.

Focus on upholding the quality of impact with significant reach. Expansion and interlinking of the programmes all together with the same communities so that we can transform individual's lives comprehensively with our delivery model.

Create a volunteer-base structure of workforce that can contribute to and attain the beneficiaries individually.

Partner with national and global expert organizations in each category of our programmes where we can either deploy their best experimented methodologies or support them to complete their puzzle with our own scalable delivery model.

Increase the effectiveness and efficiency of our operations & delivery and stabilize the funding for each initiative.

Re-structure the organization and make 'DEHATian World' at large.

Expand the dedicated team for researching outcomes and develop scalable tools to each category of initiatives.

Start improving transferability of methodologies, knowledge sharing and regional practices with other organization across the globe.

HOW YOU CAN HELP

HERE'S THE DEAL FOLKS!

GEEKS

Are you any of the following?

- ▶ Content Editor
- ▶ Graphic Designer
- ▶ Blog Writer
- ▶ Application Developer
- ▶ Social Media Enthusiast
- ▶ Application Developer

Or someone just having good computer knowledge

If yes, do you want to utilize your skills to restore the basic rights of the children? Don't have time to travel or have a hectic home or work schedule?

Then worry not, DEHAT can be the best platform for you! We're here with a bunch of exciting options for volunteering us virtually. Contribute your valuable time and skills to bring lasting changes in the lives of underprivileged children at your own pace.

DEHAT's virtual volunteering options offers you flexibility in terms of space, time and location. Choose any option that suits your specialization! All you need is:

- ▶ A computer
- ▶ An internet connection
- ▶ Passion & dedication to make a difference

JOBSEEKER

Would you like to:

- ▶ Manage an organization that implements & supports numerous initiatives in the variety of categories.
- ▶ Initiate and negotiate strategic alliances with media, corporate brands, start-ups and joint ventures in key overseas markets
- ▶ Build, develop and motivate a team of professionals
- ▶ Strengthen government systems
- ▶ Mold the values of a new generation of Indians

You can act on your conviction for DEHAT's initiatives. No matter where you are and what amount of time you want to dedicate, spread the wonderful world of DEHAT anywhere and anytime! Help us at mobilizing and raising funds for our numerous of initiatives in different project categories and restore the basic rights

of underprivileged children! All you need is:

- ▶ A computer
- ▶ An internet connection
- ▶ Passion & dedication to make a difference

HOW YOU CAN HELP

HERE'S THE DEAL CORPORATES!

Corporate Social Responsibility

Why partner with DEHAT?

We are transparent:

All of DEHAT's financials are openly accessible to the public. As an organization, we are mandated to carry out an annual external financial audit.

We care about your resources:

We manage and monitor our projects in a strict manner to not only ensure the efficient utilization of funds, but also to make them effective and lasting for the beneficiary. Additionally, our projects are regularly assessed by professionals to measure the gaps between the benchmarked plan and actual progress. Meetings with project staff, parents, children and community groups begins from the implementation areas itself and enables us to apply our management process towards the projects.

We reach out to what's usually ignored:

Focusing on mobilization and empowerment of the communities enables us to access to the root causes of the developmental issues (such as non-functioning government schools, unemployment of parents, non-operational healthcare centers, child & human trafficking) which keep children away from their rights. We are dedicated to creating sustainable change.

Partnering with DEHAT enables you:

- ▶ To be a part of an endeavor that makes lasting changes
- ▶ To heighten your brand image and makes your organization a socially conscious element in the grassroots communities
- ▶ To give employees the chance to make a difference

DEHAT IS A PLATFORM WHERE YOU CAN CHOOSE FROM A HUGE RANGE OF PROJECTS THAT SUITS YOUR ORGANIZATIONAL GOALS.

Be it at Education, Livelihood, Health, Child Protection, or Women Empowerment at DEHAT, success in each category is required to see a lasting change for children.

For more information on partnering options with DEHAT, visit DEHAT's Help page on the website or to meet a DEHAT representative, please contact the DEHAT head office or write to us at joinus@dehatindia.org.
