From Chief Executive

During the Action Year-2006-07, Dehat has completed 7th year of formal establishment. Establishment as a well-reputed voluntary organization was the watchword for this year. 'Dehat' has succeeded to establish an image of a good friend, facilitator and struggle sharing voluntary organization in the vulnerable communities and as a resource agency in the emerging CSOs.

For the first time, 'Dehat' has taken the responsibility to work as a nodal agency in a CSO network for four districts i.e. Bahraich, Balram Pur, Shravasti and Sidharth Nagar of the most backward Indo-Nepal boarder region on the issue of education with 4 CSO partners with the support of Action Aid-India.

The year was really the action year. The maximum numbers of initiatives from the community were recorded this year. We took a new initiative as 'Right To Information Campaign' in the whole district. This initiative has sharpened our image. Without any fund support, we produced 3 story based tele films for rural India on 'Right To Information'.

First time, we have raised various issues related to 'Wild Life and Environment Protection' on several forums and also taken some on-spot actions on forest crimes.

Inclusion of non-tribes in 'ST Forest Right Bill-2005' was also our success this year.

The media has also given good space to our efforts.

We acknowledge our sincere thanks to Department For International Development [DFID] for providing us the support under PACS Programme, National Bank for Agriculture and Rural Development [NABARD]-Lucknow for supporting us for our Self Help Initiatives like-Self Help Group promotion, Rural Entrepreneurship Development Programme-REDP and capacity building of women leaders of SHGs etc., Action Aid India for supporting us for education promotion initiatives, Child Rights and You [CRY]-New Delhi for supporting us in our efforts for the protection of child rights, People's Action for National Integration-Faizabad, SATHI-Uttar Pradesh- Faizabad, AVARD-New Delhi, Sahbhagi Shikshan Kendra-Lucknow, Gorakhpur Environmental Action Group[GEAG]-Gorakhpur for providing us their valuable fund support, thematic support and guidance. Our acknowledgement will not be completed without thanking our brave CBOs and Gram Panchayat Representatives of all the blocks covered by 'Dehat.'

This report is a humble effort of 'Dehat' team to share our efforts with you with a hope of your valuable guidance and support in the future.

With regards,

Jitendra Chaturvedi
Chief Executive

A Comparative Analysis of the Situation in the 'Dehat' Adopted Areas

[10 Gram Panchayats of Chittaura Block in Bahraich District.]

S. No.	Particulars	Situation as on April-2003	Situation as on March-2006	Situation as on March-2007
1	Formed Self Help Groups of Women	0	77	104
2	Total community fund as savings	0	Rs. 383030	7,61,030.00
3	Total Self Help Groups credit linked with Banks	0	54	93
4	Total CCL loans availed by the Self Help Groups	0	Rs. 19.68 Lakh	Rs. 38.83 Lakh
5	Total People's Federations	0	09	10
6	No. of micro-enterprises developed by the SHG members	0	145	329

22	Community initiatives against the corruption in Govt. schemes.	Data Not available	47	197

A REPORT ON ACTION YEAR: 2006-07

About Dehat

History of origin

Developmental Association for Human Advancement that is popular as "Dehat" is an autonomous voluntary developmental association working in the Bahraich district of Uttar Pradesh state. Dehat was established in the year of 1989-90 by some enthusiastic youths residing in the most backward rural areas.

It started its activities through a school opened for 'Tharu' tribals and forest village children. After ten years of establishment, it got registered under society registration act 21, 1860 on dated 21 August, 2000.

Dehat believes that sustainable development can only take place when the rural masses are mobilized to take active part in their own development.

Currently, a lot of well-experienced and qualified social workers and professionals are associated with 'Dehat' to make its efforts most fruitful.

Vision

To build a nation judged by...

- the well being of it's people,
- their levels of good health, nutrition and education,
- the opportunities to earn a fair reward of their labor,
- the ability to participate in the decisions those effect their lives,
- the respect that is shown for their civil and political liberties,
- the provisions that is made for those who are vulnerable and disadvantaged and
- the protection that is afforded to the growing mind and bodies of their children.

Mission

- To educate, organize and empower the deprived and under privileged sections of the society with special focus on women and children.
- To promote people's initiatives towards their basic rights and issues affecting their lives.

Strategies

Dehat promotes community organizations of the poorest families at community, hamlet, village, Gram Panchayat and block level in the adopted areas and then educate and empower them through their regular meetings, trainings and exposures. Dehat never leads to solve the people's problems, but promote their own initiative on the issues affecting their lives.

About the areas covered

Block-Chittaura

Dehat is working in 15 Gram Panchayats consisting with 68 small villages in Chittaura block. The reason to select this area for Dehat intervention was the existence of the majority of dalits [42.14%], OBCs [45.38%] and Muslim [36.47% (Including all castes)] communities in comparison to the rest part of the block area. There 72% population was living below poverty line. Out of which 37.13% [744 Families] were poorest of the poor [income below Rs. 10,000 per annum].

Block-Mihinpurwa

There are 881 families consisting a population of 4930 in 8 forest villages in Mihinpurwa block of Bahraich district. These villages are existing since British period but totally deprived of their basic rights like permanent houses, ration cards, domicile, income and caste certificates, PDS shops, all the govt. schemes, bank loans, schools, ICDS centers, immunization, health, land ownership and Govt. Jobs etc.

The major share of 99.32% [875 Families] of the total population belongs to Scheduled Castes, Other Backward Classes, and Minorities.

Lok Shakti-The People's Power

The Community Organizations

Dehat promotes community organizations of deprived communities to promote self initiatives on the issues affecting their lives. The community organizations promoted by 'Dehat' are as under:

a. Lok Sangha

The Lok Sangha is the Gram Panchayat Level Federation of community organizations developed by 'Dehat'. There are 10 Lok sanghas are working in the area of Chittaura block on all the right based issues affecting the poorest sections of the society. The Lok Sanghas take-up Gram Panchayat level issues.

b. Jan Adhikar Manch [JAM]

The Jan Adhikar Manch -JAM is the area level federation of Lok Sanghas. The JAM a takes action on the common issues raised by the Lok Sanghas.

c. Vangram Sangharsh Samiti [VSS]

The Vangram Sangharsh Samities are the village level people's organizations of the community living in the forest villages of Mihinpurwa block. There are 8 VSS actively raising the issues related to the basic rights of the people residing in the forest villages.

d. Vangram Adhikar Manch [VAM]

The Vangram Adhikar Manch [VAM] is the federation of VSSs and raising the common issues emerged by the VSSs.

e. Children Groups- Bal Adhikar Sena

Dehat believes in promoting leadership right from the beginning and for this it promote Children Groups named Bal Adhikar sena. Through these, we educate them towards their rights i.e. Right to Survival, Right to Protection, Right to Development and the Right to Participation.

e. Kranti Youth Group

The Kranti Youth Groups were organized with the youths of 15-35 years age group. These groups are working for the monitoring of Govt. programmes and action against the corruption/ injustice.

The total number of community organizations promoted since the inception are

The details are as under:

S. No.	Type of Community Organizations	No.	No. of Members	Block
1	Women Groups	102	1276	Chittaura
2	Gram Panchayat Level Women Federations- Lok Sangha	010	1276	Chittaura
3	Block Level Federation of Women-Jan Adhikar Manch	001	0050	Chittaura
4	Farmers Groups	012	0131	Chittaura
5	Children Groups - Bal Adhikar Sena	008	0256	Mihinpurwa
6	Village Level People's Organizations [In Forest Villages]	008	0891	Mihinpurwa
7	Block Level Federation - Van Gram Adhikar Manch [VAM]	001	0891	Mihinpurwa
8	Kranti Youth Group	003	0105	Chittaura
	Total	135	2609	

D. Capacity Building of Community Organizations

For the sustainability of community organizations, 'Dehat' feel that continue capacity building efforts are necessary to develop self-initiative capacity.

The following opportunities were provided to the community group leaders during the year of 2006-07:

D-1 : Training of VAM Leaders on Citizens Rights.

In the duration of December 25-26, 2006, a training programme for the leaders of VAM was organized at Dehat Office, Girjapuri. The main topics covered were the human rights, Article-5 of the Constitution of India, Right to Food, Child Rights and Forest Rights. A total of 48 leaders were participated in the programme.

D-2 : Cross Visits /Exposure of Lok Sangh Leaders

To promote the learning each other at local level, the cross visits in adjoined Lok Sanghas were organized on six monthly basis. During the year 2005-06, 08 Lok Sanghas visited two times to the adjoined Gram Panchayats.

D-3 : Training of Lok Sangha [Federation] Members

To sustain the efforts made by any Civil Society Organization depends upon the strength of the community-based organizations developed during the effort period. Keeping this in view, a training programme for the women leaders of Lok Sanghas was organized on 29-30 Nov. 2006 in Bhaniramka Guest House, Station Road, Bahraich. A total of 41 women leaders participated in the programme.

As a resource person Dr. Ashwin Drummond - AGM [District Development] has given the tips to sustain the development efforts through CBOs.

A. Women Empowerment

A-1 : Women Empowerment campaign

'Dehat' believes that without the women empowerment the community empowerment will only be a dream. All the activities of 'Dehat' are focused on women empowerment.

During the year-2006-07, an intensive campaign on women rights was driven in the field of Chittaura and Mihinpurwa block by 'Dehat' in the duration of March 08-15, 2007.

During the campaign, the open meetings on women issues were organized at Gram Panchayat level and advocacy efforts like writing the complaints to the higher officials and decisions for self-actions etc. were organized on spot. A number of 822 women had taken active part in the process, 143 applications were sent to the higher officials on the issue of corruption and in-equal distribution in Govt. Schemes.

A-2 : Women Collective at District Level

On 8th March, 2007 a women collective on the prevailed women issues of Bahraich district was organized at district level with the collaboration of 8 other civil society organizations working in the various parts of the district.

A number of 5000 women were participated in the programme. Before the collective, a rally on the issues was also organized.

District Magistrate Mr. Shanker Lal Pandey, District Judge Mr. A.K. Pathak, Mrs. Sadhana Srivastava-The District Coordinator, Nehru Yuva Kendra, District Probation Officer Ms. Mukul

Maiti etc has taken active part in the programme and assured women participation and priority in all the development as well as health schemes.

Women handing over the memorandum to City Magistrate during Women Right Campaign

A-3: AAROH

The women in the rural India are the backbones of agriculture system. Since the ploughing and till the harvesting and storage the women play a role like soul. But till today, the women are not given the status of 'Farmer' by the society as well as the Government.

Keeping this in view, a campaign was started in the district by 'Dehat', Gorakhpur Environmental Action Group [GEAG], OXFAM and PANI-Faizabad to raise the voice of women for the status of 'Farmer' and related rights.

During the campaign, 27 rallies were organized in 58 villages in the district. A mass rally was organized at district headquarter on 7th February, 2007 and a demand letter was handed over to the District Magistrate for the Governor. A total of 3442 women were participated in the whole process.

Women Farmers raising their demands

Lok Shashan: People's Governance

A. Strengthening of local self-governance

A-1. Capacity Building of Elected Panchayat Representatives.

After the Panchayat elections, 'Dehat' felt the need to train all the newly elected Panchayat representatives especially SC, BPL and women representatives, so that they can be able to perform their duties well.

Hence, 'Dehat' planned to implement a 10 days [5 programmes of 2 days each] training programme. All the programmes were implemented at the cluster level.

In the duration of 20 to 29 December-2006, the training programme was organized and 56 panchayat representatives were trained.

A-2. Gram Sabha Awareness Campaign.

To increase the community participation in improving the governance, 'Dehat' feels that the importance of Gram Sabha should must be established at the community level.

Keeping this in view, the Gram Sabha Awareness Campaigns were organized two times in the year.

The first Campaign was organized in the duration of April 06-24, 2006 in which a total of 1983 Gram Sabha members participated and the second was organized in the duration of October 23-30, 2006 in which we have reached to 3342 Gram Sabha members.

During the Gram Sabha open meetings, SHGs played an important role in the active participation. Hence, all the activities were focused on the SHGs.

Gram Sabha Awareness Campaign

Action Research Villages

Right To Information Campaign in Villages

'Dehat' believes that poverty is a symptom of poor and ineffective governance and lack of participation of the poorest families in the whole process. It is well known that countries where people have no access to the information are likely to have lower development indices and higher corruption quotients.

'Dehat' is facilitating the struggle of rural communities against the corruption in Govt. schemes, non-transparency and for the access to the informations.

Right To Information Act-2005, has shown a way to do some innovative and different towards this direction through, for and by the people.

For this, we have joined our hands with a Delhi based well-reputed resource organization named- '**Kabeer**' and designed a campaign for using RTI in villages named- **Action Research Villages** for the duration of one year. The main aim was to train and encourage as many rural people as possible to start using RTI on all the issues affecting their lives and to study and monitor the impact.

Three villages namely- Taj Khodai of Chittaura block, Nai Basti and Nishad Nagar of Mihinpurwa block were adopted for the campaign and 588 applications were submitted by using RTI Act on the issues of Public Distribution System [PDS], Land Entitlement, Development Schemes like-Roads, drainage, irrigation etc., Forest Related Issues, Issues related to rehabilitation of flood victims, Social Security Schemes etc.

The Impact

Up to the 31st March 2007 the following impacts were recorded:

- a. *A PDS shopkeeper arrested by the police and PDS shop seized in Taj Khodai Gram Panchayat of Chittaura Block. The PDS shop of the village allotted to another shopkeeper but due to severe irregularities, the villagers used the RTI and again the license of the shopkeeper was cancelled. The new PDS shopkeeper is being elected through election process. Now the distribution is regular.*
- b. *In another case in Nai Basti and Nishad Nagar [Forest villages], a PDS shopkeeper of village was suspended and PDS was regularized.*
- c. *The flow of Govt. schemes was suddenly increased in Taj Khodai village.*
- d. *The impact was seen in the adjoining villages namely- Shahpur Jot Yusuf, Bahadura Pur and Sitkahana Jot Keshav and about 100 applications were submitted.*
The result in Sitkahana Jot Keshav was so encouraging when a lot of works like the construction of Indira Awas, roads, drainage etc. and the su-moto disclosure of the informations like the BPL List, the Permanent List of the Beneficiaries of Indira Awas and Mid-Day Meal was seen by the villagers.
- e. *Including Nai Basti and Nishad Nagar there are 8 villages are inhabited on the Forest lands. There was a plan to remove all the villages from forestland and the allegation was that the residents of these villages are the forest criminals. After using RTI the official fact about the forest crime was in hands of the villagers. There were 97 forest crime cases were recorded, of which only 6 cases were from forest villages. Out of these 6 cases 4 were of fishing which is the traditional right of forest dwellers. The victimization of these poor villagers was immediately stopped.*
- f. *The results were continuing on 31st March, 2007.*

Lok Sanjeevani : People's Health

Community Health Care

'Dehat' believe that without stopping the un-necessary expenses on the preventable diseases, the life of a poor cannot be changed. According to the study conducted by 'Dehat', the average annual medical expense on general preventable diseases of a family of 5 members in the rural areas of Bahraich district is Rs. 3000.

Hence, in a village of 300 households, the total expense will be Rs. 9,00,000 without saving this money the real development is not possible.

Keeping this in view, the following activities were implemented during the year-2005-06:

A-Maternal and Child Health Care

'Dehat' workers register pregnant women, births and deaths on regular basis. They help ANMs and ICDS workers in conducting immunization and health education sessions, early registration of pregnant women and early detection of malnourish children. During the year, the works done in favor of mother and child were as under:

S. No.	Particulars	NO.
1	Registration of pregnant women	523
2	Full Immunization of registered pregnant women	379
3	Partial Immunization of registered pregnant women	114
4	Fully Immunized Children (Up to Measles)	189
5	Partially Immunized Children	377
6	Children Covered Under Pulse Polio	3633
7	Polio Resistant families converted to positive	96
7	Nutritional Awareness meetings conducted with lactating mothers	274

A. Special Campaign on Maternal and Child Health

'Dehat' feel that due to lack of awareness and sensitization about the issues related to Maternal and Child Health [MCH], the demand raising for the services from community side is nil.

To generate the demand on MCH, a special campaign in the duration of 23-30 September, 2006 on MCH was organized with the collaboration of ICDS and Health departments.

The main topics discussed with the community during the campaign were; the early marriages, care and protection of pregnant women and new born, nutrition, routine immunization, sanitation, spacing methods and govt. schemes for women and children.

During the campaign, 30 meetings with 646 women were organized in 10 Gram Panchayats of Chittaura block and 23 meetings with 453 women in the 8 forest villages of Mihinpurwa block.

B. Safe Drinking Water and Total Sanitation Programme

As per our observation, the money spend on the treatment of common illnesses in a year by the people living in rural areas is 10 times more than the annual development fund provided by the Govt. A family of 5 to 6 person spends Rs. 3000 - 4000 per year on the treatment of common illnesses. Loss of wages of family members and patients and fare is not included in

this amount. More than 80% share of these illnesses is born by the people due to lack of awareness about sanitary practices and safe drinking water.

During the year, 'Dehat' started an expedition towards the water and total sanitation in its working areas. The details of efforts are as under:

S. No.	Type of efforts	Units	Participation		
			Male	Female	Total
1	Total Sanitation Workshops	03	0543	0454	0997
2	Community Meetings	64	1429	2112	3541
3	Sanitary Latrines Constructed by the villagers on 'Dehat's' motivation	212	NA	NA	NA
	Total	-	2072	2566	4548

C. School Health Programme

'Dehat' see the school children as the change agents. To ensure better health, we organized school health programmes every Saturday in each Govt. Primary School of the area. Our Community Level Workers conduct the session. They use innovative methods of health education like: songs, health games based on traditional games, demonstrations and role-plays etc.

During the year, 79 school health sessions were organized in 13 schools with 2243 school children.

D. Pulse Polio Campaign

Uttar Pradesh is one of the most high-risk states in polio intensity. Dehat has taken the opportunity to join the hand with Govt. departments for polio eradication.

Pulse Polio Campaign

On the booth day, 'Dehat' workers motivate parents to get their children immunized on the booth. After the booth day, 'Dehat' workers motivate resistant families to get their children immunized. During the year, in all the rounds, our workers have got success in mobilizing 156 resistant families into positive cases.

E. Training of Traditional Birth Attendants

Traditional Birth Attendants are the important emergency service providers having an important role in the life saving of a mother and a newborn. But majority of these are untrained, hence some times due to this reason, they do some harmful practices, which are proved as the cause to increase the maternal and infant mortality. During the year, 12 TBAs were given 2 days training on all the issues mentioned above at Dehat office, Girijapuri.

Lok Nidhi : People's Prosperity

A : Promotions of Self Help Groups [SHGs]

a. The Formation and Management of Self Help Groups

The formation of SHGs is a strategic activity of 'Dehat'. We feel that a SHG could be an effective tool for total socio-economic change. Hence, right from the beginning, 'Dehat' facilitates the SHGs 'not only for saving and credit' but 'also for the savings and credit'. As a result all the SHGs of Dehat are basically formed and working for the fights for their basic rights. During the year, the total no. of SHGs has been increased up to 104 and out of these, 93 have got credit linkages with bank. The details on the formation and development of SHGs are as under:

S. No.	Particulars	Status
1.	No. of Total SHGs	104
	• Men	05
	• Women	99
2.	Total Members	1297
	• Men	042
	• Women	1255
3.	Total SHGs with Bank Accounts	068
4.	Total Savings	Rs. 7.61 Lakh
5.	Total Inter loaning	Rs. 17.67 Lakh
6.	Credit Linked SHGs	093
	Amount of Cash Credit Limit Loan	Rs. 38.83 Lakh

b. Capacity Building of SHGs

For the sustainability of SHGs, regular orientation and training programmes were organized during the whole year.

The issue wise details of the programmes are as under:

S. No.	Issue	No. of Programmes	No. of Participants	Process
1.	Leadership Development	2	76	Non-residential, Field based & playing method
2.	Record Keeping	4	119	Non-residential, Field based & playing method
3.	Sustainability	1236	1176[All SHG members]	Regular fortnightly meetings.

A-2 : Entrepreneurship Development

a : Entrepreneurship Development Workshop

To develop the entrepreneurship skills, Dehat organize entrepreneurship development workshops for the possible entrepreneurs and entrepreneurs initiating their micro-enterprise with the help of existing Govt. schemes. During the year, we have organized two workshops. The first one was organized for 47 youths in the duration of August-16, 2007 and the second was organized on Dec. 30, 2006 for 53 Youths from rural areas at Block Headquarter.

As a result, 23 youths were set up their own enterprises with the help of Govt. schemes.

'Dehat' also organize vocational trainings to the unemployed youths and women for setting up the enterprises.

During the year of 2006-07, the following programmes were organized:

S. No.	Programmes	Duration	Participants	Resource Persons	Place
1.	Sweet Box Making	1 Month	34 [SHG Members]	Savitri Singh	Barapathar
2.	Bag Making	2 Months	31 [SHG Members]	Musheer Ali	Jogatapur
3.	Readymade Garments	2 Months	28 Youths	From JSS [MOHRD]	Hatheela
4	Radio Repairing	3 Months	27 Youths	From JSS [MOHRD]	Beria

b. Rural Entrepreneurship Development Programme [REDP]

During the action year, Dehat has initiated a special effort for the entrepreneurship development in rural youths from poorest families. For this, the trade of Mobile Repairing was selected and an intensive training programme for 2 Months duration since 1st February, 2007 to 31st March, 2007 was designed and organized at district headquarter for 30 participants with the support of NABARD-Lucknow. All the 26 success participants were given certificates in a ceremony in presence of Dr. Ashwin Drummond -Assistant General Manager-District Development NABARD, Mr. Surveshwar Shukla-General Manager, District Industries Center, Mr. I.C. Sharma District Rural Industries Officer, Mr. Vijay Kumar Assistant General Manager, Lucknow Regional Rural Bank, Mr. L. K. Jha Lead District Manager.

c : Micro Enterprise development

'Dehat' believes that the first right of the poor is the livelihood and without ensuring the livelihood, the empowerment of poorest sections is not possible.

Keeping this in view, 'Dehat' promotes livelihood on priority.

For this, we provide entrepreneurship development trainings, regular facilitation and every kind of support for the development of micro enterprises to the poorest families.

Up to the year 2006-07, the micro-enterprises developed with the facilitation of 'Dehat' by the poorest families are 329.

A-3 : "Freedom from moneylenders" campaign.

During the year of 2005-06, 'Dehat' made intensive efforts to facilitate poorest families in getting freedom from moneylenders through a campaign.

Under this campaign, the following efforts were made:

- Intensive meetings of SHGs on fortnightly basis.
- Bank credit linkages of SHGs worth Rs. 38.83 Lakh.

- c. Facilitation of SHGs in prioritization of needs and top priority in normal loaning to those members who have taken loans to the moneylenders.
- d. Inclusion of more and more poorest families in SHGs.

Results

- a. One village named "Barapathar" got full freedom from a moneylender called "Lucknowa".
- b. All the 1068 poorest members of SHGs in 15 Gram Panchayats of Chittaura block are now free from moneylenders.
- c. 131 out of 144 poorest families got back their lands from moneylenders. These were the total families identified in May-2003 through a baseline survey conducted by Dehat in 10 Gram Panchayats of Chittaura block.

A-4 : Mobilization of Govt. schemes.

"Dehat" believes that not a single private organization can be an alternate of Govt. keeping this in view; Dehat promotes people's participation especially from poorest sections in all the Govt. programmes and schemes.

For this, we make all the possible efforts like: Promotion of maximum participation in Gram Sabha open meetings, Regular community education on different Govt. schemes and Interface of community with Govt. officials etc.

During the year, the following poorest families were benefited under the Govt. development schemes with the facilitation of Dehat Team:

S. No.	Name of Schemes	Block-Chittaura	Block- Mihinpurwa**
1	Ration Cards - BPL - Antyodaya - Annapurna	1522 0791 0012	103 49 29
2	Indira Awas Yojna	135	00
3	Handicapped Pension	021	02
4	Widow Pension	139	00
5	Old age Pension	094	00
6	Total Sanitation	640	00
7	Maternity Benefit Scheme	010	00
8	SGSY	006	00
9	PMRY	013	00
10	Free Boring/ On Farm Water Management	022	00

** Due to the "Forest Village" Status the residents are not recognized eligible for any Govt. scheme.

Lok Pairavi : People's Advocacy

'Dehat' covers all the advocacy efforts under "Lok Pairavi".

'Dehat' facilitates advocacy process on the common issues affecting the lives of the poorest sections of the society to promote community initiatives.

During the year 2006-07, the following advocacy actions were taken:

Education

Improving the Quality of Govt. Schools

'Dehat' don't believe in developing parallel schooling system but in strengthening the existing Govt. education system.

To improve the quality of education in the Govt. Primary Schools, the Govt. has made a lot of provisions under Sarva Shiksha Abhiyan to increase community participation in education at grass root level, infrastructure support and 100% retention. But at grass root level maximum of all these provisions are not in existence. As per the observations of 'Dehat', more than 90% children of poorest families are depending on Govt. Schools in rural areas.

To create a model, Dehat adopted 10 Govt. Primary Schools in 5 Gram Panchayats of Chittaura block and started a campaign named 'Making School Functional' in the year of 2005-06 with the support of Action Aid India.

During the year of 2006-07, the campaign was continue in Bahraich, Balrampur, Shravasti and Sidhartha Nagar districts by 'Dehat' with its partner civil Society Organizations in 40 Govt. Schools of 8 Gram Panchayats. The following activities were organized under the campaign during the year:

Activities	No. of Events/ Coverage
Awareness & community mobilization	42 [4000 Parents]
Child Tracking System	40 Primary Schools
Promotion & strengthening of Parents Teachers Associations's	40 [280 PTA Members]
Review workshop with Gram Panchayats	08 [428 Participants]
Training of Village Education Committees's	08 [56 VEC Members]
Workshops with Sector Associates	08

B: Health

During the year-2005-06, the community took the following health advocacy actions:

The frequency of ANM visits in the adopted villages was 1-2 times a year for routine health services. When the community was sensitized about the importance of immunization and ANM services, the demand was raised for the regular availability of ANMs from all the 15 Gram Panhayats. After sending of 11 applications to higher officials, the visits of ANMs increased for few months. Than we motivated the villagers to use Right To Information and ask for the immunization and ANC data / reports for last three years. No data was given by the department but the visits of ANMs are increased upto 14-16 visits per year.

C: Land and Human Rights

In Bahraich district, there are 8 villages inhabited on forest lands since the year of 1865-70 and now been declared "encroachment" by the Forest department. All the residents are non-scheduled tribes.

The Forest department is trying to demolish all these villages since a long time. Hence, this matter belongs to their survival. After demolishment, these poorest villagers have no option for their survival.

A total of 294 applications on Right To Information and 58-registered letter on the issues were sent to higher authorities and policy makers including judiciary and Human Right Commissions.

A demonstration for demanding land rights and for stopping atrocities against the villagers of forest villages at District level was organized in the duration of 14-16 June, 2006 at Motipur Barrier of Bahraich District.

Media Coverage

a. Electronic Media

- NDTV, E-TV and Sahara Samay telecast on the demonstration for Land Rights during 14-17 June, 2006.
- E-TV: Relayed a 30 Minute special programme on forest villages of Bahraich and Dehat efforts on 23rd of June, 2006.
- Star News team visited the area and spent two days. The programme was relayed on 12th August, 2006.
